CABINET REACHES DECISION ON COAL

Government's Final Statement to Be Made Late Today—Rumored Increase of 20 to 25 Percent Miners' Wages

Washington, Nov. 26—A definite and final statement on behalf of the government in the coal wage controversy will be made to the operators and miners into today by Fuel Administrator Garfield.

Final decision was reached by the cabinet at the meeting today, Dr. Garfield and Secretary Wilson said. The fuel administrator called a joint session of the operators and miners for 3 p. m. to receive the decision.

RUMOR GARFIELD WINS

While neither Dr. Garfield nor members of the cabinet would say what the cabinet's decision was, it was reported that the fuel administrator had won his point for an increase of from 20 to 25 per cent in miners' wages as against the 31 per cent proposed by Secretary Wilson and agreed to by the miners.

AN ULTIMATUM

Dr. Garfield's statement to the miners and operators was expected to be somewhat in the nature of an ultimatum. The 20 to 25 per cent increase was understood to be acceptable to the operators, but grave doubts were expressed as to whether the miners would approve it.

INCREASE ON OPERATORS

After the cabinet meeting there was a somewhat general impression that the operators would be called upon to bear practically all of the proposed wage increase, but officials withheld comment.

MINERS MAY DELAY

Thus far the position of the mine union officials has been that they could not accept anything less than the original demands of the Cleveland convention for a sixty per cent increase in wages and a 30 hour week without the approval of that convention. Should they hold to this view after meeting, Dr. Garfield said it might be that several weeks would elapse before a final settlement was reached.

WAIT ON GOVERNMENT.

Washington, Nov. 26. — Prospects for the general resumption of coal mining in the United States today still swung around the expected action of the federal government. Cabinet members who spent all of yesterday in session, without, however enlisting the actual participation of President Wilson in the procedure—were again trying to reach a decision.

So far, the only definite proposal from governmental sources has been made by Secretary of Labor Wilson last week, for an increase of 31 per cent in the pay of miners over the scale given them in 1917.

ASK GARFIELD APPROVAL.

This the operators rejected, professing unwillingness to accept it without a direct authorization from Fuel Administrator Garfield for the increase in coal prices which they said would be necessary to sustain the increase. It was assumed the cabinet was unwilling as yet to unite upon its labor member's proposal.

LEWIS BACKS WILSON.

Mr. Wilson's proposal was supported today by John L. Lewis, acting president of the United Mine Workers, who said the calculations of wage advances since 1918 should be based on rates throughout the country and not merely in the central competitive field.

PICK MINING BASIS.

Pick mining has been taken as a basis of every wage contract, including the 1917 Washington agreement, Mr. Lewis said. Taking issue with the operators' statement that only 20 per cent of the miners in the central territory use the pick, Mr Lewis said the number of men in the four states, Pennsylvania, Ohio, Indiana and Illinois on the pick and machine work were practically equal.

60 PER CENT PICK WORKERS.

In the country as a whole, he continued, about 45 per cent of tonnage produced is dug out with a pick, but as high as sixty per cent of the total number of employes are on pick work. This disparity was due, he said, to the high productivity of machine methods.

Statistics compiled by state labor departments, Lewis said, show that only 27 per cent of the employes in the central field are day laborers instead of 40 per cent, as claimed by the operators.

Replying to the position of the operators that the $1.40 per day increase in wages awarded day laborers in 1917 should be given equal weight with other wage advances in computing the average wage increase, Mr. Lewis said this award was made to put the day workers on a parity with men on a tonnage basis and should not be included in any average.

TALK LOCAL AGREEMENTS.

Indianapolis, Ind., Nov. 26.—Aside from an unconfirmed report that miners in some sections of the Indiana coal fields are advocating local agreements with operators for [illegible]

sumption of work, the situation in this state is unchanged today. All mines are idle and miners apparently are waiting on the outcome of the conference in Washington before taking any steps toward ending the strike.

COAL DISTRIBUTION

Washington, Nov. 26—Reviewing the coal supply situation, the railroad administration reported that 92,000,000 tons were held under its distributing system on Nov 2, the second day of the walk-out. Since then, these stocks together with current production have been drawn on to supply fuel for the railroads, ships, public utilities, essential industries, and public welfare institutions as well as for household uses.

The railroad administration's central coal committee still is holding thousands of cars of export coal assembled at Atlantic tidewater ports. Officials declared that, contrary to reports, conditions were normal at the ports, where this reserve supply of coal is held, and that no car congestion was being permitted.

The railroad administration's statement concludes:

"Production now is mainly in the east, in the south and in the Rocky mountains region. In the central states where bituminous coal is so largely used, there is little or no present output. The railroads have the difficult and unusual task of moving west a large part of the production of such fields as the Pocahontas and Pennsylvania fields that normally moves east. The 22,000,000 tons the railroads had on November first, was as evenly divided as possible over the country but in the sections where there had been no production, supplies have become depleted and coal from the eastern producing fields has been, and is being sent west to fill these needs."

TO FORBID COKE MAKING

Washington, Nov. 26—The national coal situation has reached a crisis, in view of officials here, and drastic steps to curtail consumption are in contemplation. It was said today that among other steps an order prohibiting the manufacture of coke had been prepared.

TO CALL FOR VOLUNTEERS.

Pittsburg, Kan., Nov. 26.—Governor Henry J. Allen left Pittsburg this morning for Topeka expecting to issue a call from his office at the capital today for volunteers to man the steam shovels in the Kansas coal fields.

CHURCH CHAMPIONS MINERS

New York, Nov. 26—The commission on the church and social service of the federal council of the churches of Christ in America today issued a statement calling on the government to protect coal miners against exploitation by operators, since by injunction it has denied them the right to strike.

The statement, issued by the Rev. Worth M. Tippy, executive secretary of the commission, reviews the strike situation, asserts miners at present earn an average wage of less than $23 a week.

Jail For Idle Coal Miners

Sheridan, Wyo., Nov. 26.—Scores of coal miners who declined to return to work were rounded up by United States soldiers in Carneyville, Wyo., today and placed on interurban cars for removal to the county jail in Sheridan. All other miners in the town were ordered by Major Warren Dean, military commander of northern Wyoming, to return to work this afternoon.

Many Towns Without Fuel

Chicago, Nov. 26.—Progress today of the national strike of bituminous coal miners into the twenty-sixth day was without marked development regarding the situation at the mines themselves.

In the central west the coming of cold weather, forecast for today, was expected to add to the discomfort which had been held in abeyance by mild temperatures during the past several days. In that section many cities and towns were virtually without fuel.

At Sheridan, Wyo., six miners today were under arrest charged with violating the strike injunction issued by Federal Judge A. B. Anderson at Indianapolis. They were believed to be the first workers to be taken into custody under that restraining order.

OPERATORS ON MINE WAGES

Claim Increases Granted Are Above Living Cost Increases.

Washington, Nov. 26.—The operators of the central competitive field last night announced that they were "in complete accord with the principles stated by Dr. Garfield as a fair and sound basis for a settlement of the present wage controversy."

WILSON'S FIGURES.

The comparative figures submitted by Secretary Wilson were characterized as "misrepresentative and misleading" in that he left out of consideration all machine miners and all day laborers. Machine miners now constitute over 80 per cent o the miners employed in the central territory, according to the statement, and men not paid on a tonnage basis comprise 10 per cent of the total employes of the central fields.

GARFIELD'S DECISION.

Dr Garfield's statement that "the average total increase in pay over the 1913 base, which was the base considered in 1917, should not exceed the present average increase in the cost of living over the same base," was interpreted by the operators to mean that due weight should be given the day laborers as well as the men who mine the coal.

On this basis "the present wage scale represents an average advance of 58 per cent over the scale in effect in 1913," the statement said. This average was computed from the 10 per cent increase to machine miners and the 76 per cent advance to other employers.

ACTUAL EARNINGS

"The increase in the actual earnings of the men under this scale is of even greater interest than the increase in the wage scale," the statement set forth. "According to Percy Tetlow, statistician of the United Mine Workers, the average earnings of the men in Illinois between 1913 and 1918 increased 97.4 per cent, in Ohio 78 per cent, in Indiana 114 per cent, in Western Pennsylvania 82.7 per cent, and in the entire central field an average of 90 per cent.

This does not indicate any deficit in increases granted the miners when it is remembered that up to October, 1919, the cost of living had advanced only 77 per cent above the 1913 basis over the country as a whole, while in the mining fields, the increases has been substantially less."

CAN EARN MORE

Department of Labor statistics show that miners can increase their earnings from 15 to 2? per cent by working steadily on the days when the mines are running, the operators said.

"Secretary Wilson's proposal means an average increase of 111.3 per cent compared with an increase in the cost of living of only 77 per cent," the statement added. "The mere statement of the figures show the unjustifiable character of the secretary's proposal."

VICE PERMITTED ON ELLIS ISLAND

New York, Nov. 26.—Byron H. Uhl, acting commissioner of immigration at Ellis Island, admitted today to the house immigration committee investigating conditions here that privileges had been granted during the regime of former Commissioner Frederic C. Howe which if unchecked might have led to the establishment of "a forum of Bolshevism" on the island.

Uhl, appearing before the committee when it resumed its hearing this morning, made this admission after Chairman Johnson had asked if, under the administration of his predecessor, the island "was not a gambling house, bawdy house and a forum of Bolshevism?"

GAMBLING RAMPANT.

In reply to further questions Uhl also admitted that previous to the resignation of Mr. Howe last September, immoral women had been allowed to circulate among other prisoners and that women had been permitted to roam about the island. He further admitted that one Chinese crew had indulged in gambling to such an extent that a seaman had lost $3,000.

After the arrival from Seattle of a trainload of "Reds," he said, anarchistic papers and literature had been circulated on the island.

GREATER ACTIVITY AS PRICES YIELD

New York, Nov. 26.—The market's reactionary trend became more pronounced during the forenoon, with greater activity as prices yielded. Lacking a more definite reason, the increased pressure was absorbed to pessimistic reports dealing with foreign financial conditions. Crucible Steel was especially weak, falling 10 points, and Pierce-Arrow lost 7. General Motors recovered part of its loss, only to go lower than before. A few stocks stood out for their comparative strength, but soon forfeited their gains, rails also becoming heavy. Moderate rallies succeeded the opening rate of 7 per cent for call money.

RADICAL PLANKS IN PLATFORM

New Labor Party Would Abolish U. S. Senate.

Chicago, Nov. 26—Leaders of the newly formed labor party of the newly formed labor party of the United States today began preparations for extending the organization precedent to the second national convention next summer to nominate candidates for president and vice president. The convention adjourned last night after completing organization and adopting a platform of 32 planks.

START BRANCHES

Organization of branches of the labor party already have been begun in Illinois, Indiana, Pennsylvania, Oregon, Washington and other states, Chairman Max Hayes of Cleveland; Robert M. Buck of Chicago and other leaders said. They expect farmers' and co-operative bodies to join.

SOME OF THE PLANKS

Among planks written into the platform at the final session were:

For abolition of the United States senate.

Repeal of the espionage act, with abolition of conscription and secret treaties and establishment of free speech, press and assemblage.

No compulsory military training.

Nationalization of railroads, other national resources and all basic industries.

Adoption of the Plumb plan for the railroads.

Organization of a league of workers of all nations and international solidarity, with legislation to protect the workers against foreign made goods until the solidarity can be accomplished.

Election of federal judges by popular vote for terms not exceeding four years.

International solidarity of labor.

Maximum hours of labor for men and women to be eight hours a day and 44 hours a week.

Minimum wage for workers to be fixed by law.

Old age, unemployment and sick pensions.

Government to own and operate the banking business of the country.

Nationalization of unused lands.

Incomes of individuals to be limited by law.

National initiative, referendum and recall.

Application of the "home rule" principle in state, county and city Government.

Condemnation of Government by injunction.

A demand for international disarmament to prevent future wars.

Immediate release of all political and industrial prisoners.

Nationalization of all public utilities and all basic industries.

Criminal prosecution of profiteers and exploiters of labor.

Demand for free speech, free press and right of free assembly.

Demand that all Government work be done by day labor, instead of by contract.

Equal pay for men and women.

Approved woman suffrage.

CONDEMN PEACE TREATY

Before adjourning the convention adopted a resolution condemning the peace treaty and league of nations covenant as at present drafted for the reason that it does not conform with President Wilson's 14 points and is not in the interest of the working classes of the world.

SITUATION ON ADRIATIC CLEARING

London, Nov. 26.—Considerable improvement in the Adriatic situation is reported here as a result of conversations in Paris between British, French, Italian and Jugo-Slav representatives. The latest indications are there is a possibility of a compromise settlement satisfactory to all parties, including Captain Gabriele D'Annunzio.

BERKMAN ORDERED TO BE DEPORTED

Washington, Nov. 26. — The immigration bureau's recommendations that Alexander Berkman, by his own admission an anarchist, be deported, was approved tonight by the department of labor.

Representative Johnson, chairman of the house committee, announced that he had been informed by the bureau of immigration that application of Alexander Berkman for permission to go from the United States to Mexico instead of being deported to Russia, had been denied.

$4,000,000 FOR MEDICAL SCHOOL

New York, Nov. 26. — Vanderbilt University at Nashville, Tenn., has been given $4,000,000 by the General Education board to effect an entire reorganization of its medical school, it was announced here today.

TRAIN IS ROBBED; LETTER FROM BANDIT

Aurora, Ill., Nov. 26.—Last night at 7:35 o'clock a lone robber held up a Northwestern train between West Chicago and Winfield, 15 miles from Aurora. An express messenger shot at the robber and believes two bullets took effect, although the bandit leaped from the train and escaped.

A letter was mailed at the Aurora postoffice yesterday morning at 12:15 o'clock purporting to come from "Bill" Carlisle, the bandit. The writer signed himself "convict No 2883" and said he "liked the town, but had to be on his way."

R. R. OFFICIALS INVESTIGATE.

Chicago, Nov. 26. — An investigation of the reported holdup of a Northwestern train one mile west of Winfield between Chicago and Aurora Tuesday night is being made by officials here. "We believe a boy was 'beating his way on the train'," said a Northwestern offical and merely put off by the express messenger. "We have been unable to ascertain whether any shots were fired."

PEACE DELEGATES SAIL DECEMBER 6

Paris, Nov. 26—Any delay which may eventually be found necessary in the exchange of ratifications required to put th. German peace treaty into effect will not change the plans of the American peace delegation, it was learned today. Under-Secretary of State Polk and the other delegates will leave Paris on the evening of Dec. 5.

The delegation will sail from Brest Dec. 6.

Only a couple of experts will be left here for the purpose of completing the work in hand.

The subsequent participation by Americans in the work of the peace conference, according to the view here, will probably be extremely limited unless there are indications early in the December session of the senate that a satisfactory ratification of the treaty is in sight.

JUGO-SLAVS TO SIGN AUSTRIAN PACT

Paris, Nov. 26.—Plenipotentiaries of Jugo-Slavia will sign the Austrian peace treaty at 5 o'clock this afternoon. They will attach their signatures simultaneously to the treaty for the protection of racial minorities, to the arrangement of reparations concerning Italy and also to the financial arrangement concerning the sharing of expenses in the liberation of the former Austro-Hungarian monarchy.

The time for the signing of the Bulgarian peace treaty has been definitely fixed. The Bulgarian plenipotentiaries will sign the document at the Neuilly town hall at 10:30 o'clock tomorrow, Thursday morning.

GERMAN PLEA GETS STERN REPLY

[By The Associated Press.]

London, Nov. 26.—A wireless message from Berlin gives the text of a stern note from M. Clemenceau, president of the peace conference, sent to the chairman of the German delegation to Versailles refusing to deviate from the terms of the peace treaty in favor of German prisoners who are employed in the work of reconstruction in devastated northern France.

Referring to the brutal treatment meted out to the populations of this district under the German occupation, M. Clemenceau is quoted as saying:

"The deepest sentiments of the human heart have been so cruelly injured that French public opinion cannot agree to grant the favor you request."

The note sets forth that Germany systematically delayed the performance of the armistice terms, and instances the sinking of the German warships in Scapa Flow, the delay in the delivery of German ships, Germany's Baltic policy, and the anti-Entente propaganda in Alsace and the world at large, and declares:

"We owe nothing to Germany except the precise fulfillment of the provisions of the peace treaty accepted by Germany."

BESEIGE DOCTORS FOR VACCINATION

Detroit, Mich., Nov. 26—Residents of Canadian border cities continued today to besiege the offices of their physicians to be vaccinated following announcement yesterday that a strict quarantine would be placed on traffic across the Detroit river to this city, because of the prevalence of small pox in certain interior communities of Ontario.

HALT SALE OF ARMY SUPPLIES DEC. 10

Chicago, Nov. 26—Owing to the annual Christmas rush at the postoffices, the quartermaster corps retail stores will discontinue taking orders to be delivered by parcel post Dec. 10, it was announced today by Lieutenant Colonel James P. Castleman, zone surplus property officer of the Chicago zone.

ANGELES SHOT BY FIRING SQUAD

Military Genius Convicted of Rebellion Against Mexican Government.

[By The Associated Press]

El Paso, Tex., Nov. 26.—Gen. Felipe Angeles, Mexican revolutionary leader and famed throughout the world as a military genius, was executed by a Carranza firing squad at Chihuahua City at 6 a. m. today, following his conviction with two companions on charges of rebellion against the Mexican government, according to a telegraphic report from Chihuahua City this morning.

SENTENCED BY FOUR.

General Angeles was sentenced to death by four Carranza generals in the Teatro De Los Heroes ("Theatre of the Heroes") at 10:45 o'clock last night. He was immediately taken from the building through a rear entrance to await execution, which was set for seven a. m. today. This is the time he was shot, according to the report reaching here.

TRIAL SENSATIONAL.

The trial was the most sensational ever held in Chihuahua City, where Angeles and two companions were brought after their capture near Parral by state volunteer troops Nov. 18.

Four companions were captured with Angeles after their discovery in a cave in a hill that faces San Tome, Mexico. Two of these already had been executed by Carranza troops. Of others in the small party with General Angeles five were killed in the fight that ensued in trying to escape the state troops.

OTHERS SENTENCED.

The two remaining companions, Major Nestor Enciso De Arce and the oldier Antonio Trillo, were joint defendants with their chief before the court martial. Major De Arce also was sentenced to death but his sentence was commuted to 20 years' imprisonment. Trillo, a 17 year old boy, was sentenced to serve six years and eight months in prison.

ANGELES UNMOVED.

General Angeles was entirely unmoved apparently as sentence was passed. Throughout the trial the military leader, famous among military men of the world as the man who brought the French 75 millimetre gun to perfection and made it admittedly the best piece of artillery ordnance in the world, had presented a smiling countenance to his accusers.

FOREMOST ARTILLERIST.

General Felipe Angeles was classed before the great war, as one of the world's foremost artillerists. He had attained considerable fame as an artillery commander in the Mexican army under the long regime of President Diaz and cast his fortune with Francisco I. Madero in the revolution by which Madero seized the Mexican presidency. Subsequently General Angeles enlisted his skill in support of the cause of Francisco Villa against the Carranza government and was credited with planning many of the battles Villa won.

UNSELFISH.

Both friends and enemies of General Angeles have declared that he was an unselfish patriot and that his hope was to bring about peace in Mexico.

He was successively student, instructor and director of the Mexican Military College, Chapultepec, and an author of several textbooks not all of which dealt with military matters.

When Madero became provisional president Angeles was recalled from Europe and placed in command at Chapultepec. In 1912 he was made a field commander. In this service he is said to have won the good will of the Mexicans by his humanitarian policies.

BANISHED.

When Madero sacrificed his life as a penalty for his revolution, Angeles was first imprisoned and then banished. He returned to lend his support to Villa's various campaigns and it is declared that when Villa followed his advice the bandit leader was victorious. After Villa's famous raid upon Columbus, New Mexico, Angeles went to the United States and remained there for about two years.

APPEALED TO U. S.

He returned to Mexico in November 1918, expressing the hope that he might unite the scattered revolutionary factions into a compact unit and pacify that country "before it was called to account." He accompanied Villa in the attack on Juarez, June 15, 1919, when American troops crossed the Rio Grande and dispersed the revolutionists. After this incident he appealed to the United military authorities in the name of the "fellowship which exists among military men" to define the attitude of the United States toward Mexican revolutionists but the United States authorities declined to communicate with him on the ground that he did not represent the Mexican government.

Angeles' wife and three sons lived in El Paso, Tex., during the time he was in the field with Villa.

BOMBS EXPLODE IN LISBON STATION

Lisbon, Portugal, Nov. 26—Bombs were exploded in the railway station last evening. One person was killed and some others were injured.

RAIL OFFER LIKELY TO BE REJECTED—GENERAL STRIKE

Members of Big Brotherhoods Said to Be Demanding Country-Wide Tieup Dec. 1.

Cleveland, Ohio, Nov. 26—A decision was expected late today on Director-General Walker D. Hines' offer of time and one-half for overtime in slow freight service, which was again discussed by the general chairmen of the four railroad brotherhoods in conference here. Indications were that the proposition would be rejected.

STRIKE RUMORS

Reports from Chicago that the conference was considering a general strike of the brotherhoods to enforce demands for a general wage increase were denied last night by W. G. Lee, president of the Brotherhood of Railroad Trainmen; L. E. Sheppard, president of the Brotherhood of Railroad Trainmen; and Timothy Shea, acting president of the firemen and enginemen.

UNIONS DEMAND STRIKE.

Chicago, Nov. 26—National leaders of the four great railway brotherhoods held a secret session yesterday at which the insistence of many local unions that a general strike of all railway workers in the United States called by Dec. 1 to enforce demands for general increases in pay, was given serious consideration, according to information obtained here from union railway men. It was said by one union official that many of the delegates who are now in Cleveland went there with the specific purpose of forcing the general committee to call the nation-wide strike.

INSISTENT CENTERS

Buffalo, Detroit, Pittsburgh, and St. Louis were declared to have been among the cities whose locals were particularly insistent that a strike be called in view of recent Governmental statements to the effect that general advances in the pay of railway workers could not be considered at this time. The 14 locals of Chicago railway men, it was said, had voted unanimously in favor of the strike, and that a resolution asking for a strike decision had been sent to W. G. Lee, president of the Brotherhood of Railway Trainmen.

FEAR INJUNCTIONS

In some union quarters it was stated that the real reason why the national officials now in Cleveland hesitate to make an announcement of the strike or to be placed in the position of directing the proposed strike call is their fear of strike injunctions, and that it is their purpose to await the crisis which is expected from the action of the rank and file of railway union men.

VOTE IS TAKEN.

Cleveland, O., Nov. 26.—The 500 general chairmen of the four railroad brotherhoods in conference here took a vote on the offer of Director-General of Railroads Hines granting time and one-half for overtime in slow freight service, just before adjourning for lunch. The vote was given to tellers to count and will be announced after the convention reconvenes this afternoon.

ILLINOIS PLANS ARE APPROVED

Washington, Nov. 26—Plans for completion of the Illinois inland waterways project from Lockport to Utica, Ill., the final link in a proposed navigable route from the Great Lakes to the gulf of Mexico, were approved yesterday by the army engineers' corps.

A delegation of Illinois officials, headed by William L. Sackett, superintendent of state waterways, conferred with Rankins officers of the engineer corps the latter approving the plans and forwarding them to Secretary Baker, Lower freight rates, especially on coal, would result from use of the Waterway, Sackett said, adding that 7500 tons could be transported daily by use of a system of barges.

SURVEY OF DAYLIGHT SAVING SENTIMENT

New York, Nov. 26.—Surveys by Chambers of Commerce and industrial organizations are in progress in sixteen states to ascertain public sentiment regarding a continuation of daylight saving and the campaign will be extended throughout the country before next April, according to Marcus M. Marks, president of the National Daylight Saving Association.

The states where the movement is under way for permanently exchanging "an hour of night for an hour of light" are Massachusetts, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, Tennessee, Illinois, Ohio, Michigan, Wisconsin, Colorado, Utah, Connecticut, Minnesota and Kentucky.

COAL SUPPLIANTS JENKINS CASE

Washington, Nov. 26—Although the Mexico City press said the reply of the Mexican government to the American note demanding the release of William O. Jenkins, American consular agent at Puebla, was expected to be handed to the American embassy yesterday, it has not been received here, the state department announced today.

Because of the urgency of the coal situation, it was regarded as doubtful whether the cabinet would take up the Mexican situation again today. Delay of the Carranza government in replying to the American note, however, has served to increase the dissatisfaction in official circles.

According to the state department's announcement today, the Mexico City press announces that the Mexican senate at a secret session Monday decided to ask President Carranza for full information regarding the Jenkins case. The press also quoted the sub-secretary of foreign affairs as saying that the government was making full investigation in Puebla and that the "serious" newspapers in the United States were treating the subject calmly and carefully.

JUDGE REFUSES EVIDENCE.

Refusal of the judge considering the Jenkins case to hear the testimony of three persons from Santa Lucia, who declared untrue the report circulated by Mexican officials that Jenkins had been seen there with Federico Cordova, the rebel leader who kidnapped him, has created a feeling of hostility among the people of Puebla, according to El Universal of Mexico City, a copy of which was received today in Washington. The newspaper says the Jenkins case is becoming daily more complicated, that public opinion is divided and that the silence of the judicial authorities has greatly contributed to the dissatisfied sentiment among the people.

Household Fashions

SISTER MARY'S KITCHEN

As the holidays draw near most housekeepers are more interested in unusual and somewhat elaborate dishes. As French words and phrases are so often used in recipes and menus, the following list may be helpful to those who have grown rusty since their college French, or are unfamiliar with the language. A la, and its contractions au and aux, means with, dressed in a certain style; as, potatoes au gratin—potatoes with browned crumbs. Bisque means a thick soup, also an ice cream to which is added finely chopped nuts. To blanch is to whiten. To do it we scald vegetables or nuts and slip off the tough skin. Compotes are fruits stewed in sirup and kept in original shape. Frappe means semi-frozen. Marrons are chestnuts. A meringue is a frosting made of the whites of eggs whipped very stiff with powdered sugar and browned in a medium oven. A mousse is an ice cream made with whipped cream and frozen without stirring. And so on ad infinitum.

THANKSGIVING DINNER MENU

Oyster cocktail, consomme, roast turkey with stuffing and giblet sauce, cranberry jelly, mashed potatoes, creamed onions, celery, salted nuts, ginger sherbet, pumpkin pie, coffee.

MY OWN RECIPES

Somehow we seem to lose sight of the fact that there are any meals beside dinner on Thanksgiving Day. And, in fact, there seldom is much desire for supper. But we do have to have breakfast. If part of the family are going to a football game they need to be well fortified with a good, hearty meal. It all depends on the plan for the morning. As to the cook, she surely needs a nourishing breakfast, for she has a strenuous morning before her.

Oyster Cocktail—5 small oysters, 2 teaspoons tomato ketchup, 1 teaspoon lemon juice, 1 drop tabasco, salt and pepper and ½ teaspoon minced celery.

This will make an individual cocktail. Multiply amounts by the number of persons to be served. Mix ingredients, chill thoroughly and serve in cocktail glasses.

Consomme—2½ pounds lean beef, 1 pound marrow bone, 1 quart chicken or turkey stock, 2 pounds knuckle of veal, ½ cup diced celery, cup diced carrots, ½ cup sliced onion and 1 tablespoon salt, 1 scant teaspoon peppercorns, 5 cloves, 3 sprigs parsley, 10 cups cold water.

Cut beef in one-inch cubes. Brown half of it in the marrow. Put the rest in cold water, add veal cut in pieces, browned meat and bones. Let stand three-quarters of an hour. Heat slowly to the boiling point and let simmer 3 hours, removing scum as it forms on top of kettle. Add the liquor in which the turkey was parboiled and cook with the vegetables 1½ hours longer. Simmer very slowly. Strain, cool, remove fat and clear.

TO CLEAR SOUP STOCK

1 egg into and 2 egg shells.

Remove fat from stock and put stock into a stewpan. Beat egg white slightly, break shells in small pieces and add to stock. Heat to the boiling point stirring constantly. Let boil 3 minutes. Put where it may simmer for 15 minutes. Remove scum and strain through cheesecloth placed over a strainer.

Cranberry Jelly—1 quart berries, ½ teaspoon soda, 2 cups boiling water and 1½ cups sugar.

Parboil berries in soda water. Drain and put into the boiling water. Boil 20 minutes, add sugar, and boil 10 minutes. Turn into mold. This way leaves the berries whole. If you want a smooth jelly rub berries through a sieve before adding sugar.

BEMENT.

Mrs. Laura B. McClure went to Sebring, O., Monday to visit her son, Lynn Be McClure and family.

Miss Fanny Devlin of Monticello visited Miss Eva Householder, Sunday.

Leslie Marsh of Ivesdale was here Sunday.

Mrs. W. G. McPherson is improving in health and is able to sit up now.

Mrs. W. J. Day is very sick.

HAT TRIMMED SIMPLY WITH MONKEY FUR

BY BETTY BROWN

On the hats that are coming across the seat to American shops, monkey fur appears as a constant favorite. It is particularly attractive when a close-fitting neckpiece and muff of the same fur are a part of the costume, as in the sketch above.

This youthful hat, of quaint outline, is of brown antique. Its only ornament is a monkey fur tail dropping over the slashed brim.

CHICKEN THIEVES BUSY IN PANA

Pana, Nov. 26—There has been a good deal of chicken stealing in this city for the past three months, and the thieves, who do all their stealing at night, are very clever and have not been seen and leave no sign of over being caught. They have taken as many as sixty-three chickens at one time and seem to do the most stealing in the south part of town.

One night during the past week Mrs. Dora M Heney had about sixty chickens stolen from her home on South Popular street and the loss amounted to about $15. There have been 250 chickens stolen in this city during the past 3 months and the police are going to put a stop to it.

Mr. and Mrs. William Colunan reported to Deputy Sheriff Springstun Tuesday, that their boy, Manuel, had been induced by Earl Brown, another boy, to leave home and go to Vandalia. The Colunans want the Vandalia officials to locate the boy and they will go after him.

Boys leaving home appears to be an epidemic just now, the officers here having picked up several the last few days.

CITY COURT

The City Court was in session yesterday, Judge Harry B. Sluttle of the Litchfield City Court, presiding. The case of the City of Pana vs Gust Gerulat for contempt of court in violation of an injunction issued last June restraining him from selling intoxicating liquors in the city of Pana, was taken up.

CITY COUNCIL

The City Council met in regular session Monday evening at the city hall, Mayor H. N. Schuyler presiding. The meeting was a short one and the only business of importance was the formal abandonment of the North east Pumping station and the ordering of the removal of all machinery and supplies that had not already been removed by petty thieves.

This station has not been used for a couple of years, as the water had become salty and unfit for use.

The City Clerk was instructed to formally notify Mrs. Henrietta Buell, owner of the ground of the annullment of the lease.

GAVE SMOKER.

The American Legion gave a smoker at the Knights of Columbus hall Monday evening. It was a very informal affair and the boys thoroughly enjoyed it. A large crowd of boys attended this smoker and they spent the evening telling the experiences they had while in the army. At the close coffee and doughnuts were served by the boys by some of the members of the legion.

The Pana Knights of Columbus have completed plans for the initiation of a large class of members on Sunday, Dec. 14, at Roley's Opera house. A a banquet will follow the initiation.

The Daughters of Isabella of the St. Rita's court will also have a large class for their initiation on the same afternoon. A program will be given during the banquet of these two lodges.

The Knights of Columbus have obtained State Deputy Edward Houlihan and degree team from Chicago that will put on the third class while the Decatur degree team will put on the second class.

APPROACHING WEDDING.

The announcement of the coming marriage of Miss Mildred Moyer and George Newport Gilbert has been announced and the wedding will take place in the near future.

Miss Moyer is the daughter of Mr. and Mrs. John Moyer of South Maple street. She was born and reared in this city. She attended the ward schools and the Pana Township High school and later was employed as a secretary to Professor H. L. Hart.

Mr. Gilbert is the son of Mr. and Mrs. G. N. Gilbert and was born in Pana. He attended the grade schools and is a graduate of the Pana Township High school. He later attended a university in Chicago.

Miss Rowena Rogers gave a shower for Miss Moyer at her home on South Poplar street and the bride-to-be received many useful gifts.

CLUB MEETINGS.

Arcana Chapter, No. 439, O. E. S. held a meeting last night at the Odd Fellows' hall on the corner of Locust and Third streets. This meeting was a business meeting to settle some important business matters.

Mrs. Earnest L. White entertained the Fortnightly club at her home on South Locust street Tuesday afternoon. A good program was given at this meeting and refreshments were served.

The Knights and Ladies of Security gave a supper party at their hall on South Locust street Monday night. A large crowd attended this party and two rewards were given away.

PERSONALS.

Miss Zora Miller, a student of the Millikin University at Decatur, came home Tuesday evening to spend her Thanksgiving vacation with her parents, Mr. and Mrs. George Miller.

Mrs. Fred Flosch, accompanied by her daughter, Marie and Mrs. James Long attended the initiation given by the Daughters of Isabella in Assumption.

Mrs. Jesse Reese returned from Decatur after making a short visit with her daughter, Mrs. Harold Moeller.

Mrs. William Finn of Saline was in this city yesterday to transact business.

Mrs. J. R. Brown left today for St. Louis to see her son who is very ill.

Mr. and Mrs. Simpson of Oklahoma, who have been the guests of Mrs. Simpson's mother in Mowequa for the past three weeks, were in this city a short time Tuesday morning enroute home.

Mrs. Barker and children of Washington, D. C., were in Pana a short time Tuesday morning enroute to Herrick, where they will make a short visit with Mrs. Barker's sister before going to Maryland where they will make their home.

Chief of Police Edmisson spent Tuesday in Taylorville at the invitation of the November grand jury now in session there.

LITTLE TRADE.

There appears as yet very little life to the Thanksgiving trade with the local merchants. Eggs at seventy cents a dozen, sugar not to be had, the few cranberries on sale are not going fast and pumpkin pies will not be numerous.

Notwithstanding the great number of men and boys hunting daily, rabbits for sale in markets and stores remains very scarce.

George Rolin, superintendent of the Penwell Coal mines was operated upon Monday at the Huber Memorial hospital for the removal of gall stones. The operation was entirely successful and should no complications develop Mr. Rolin will soon be out again.

Mrs. Fred Pierce left Saturday for Ardmore, Okla., where she will join her husband and they will make their home there. Mr. Pierce is interested in the oil business.

Deputy Sheriff H. W. Springston was in Taylorville Monday attending grand jury.

VERDICT OF $217 FOR LOSS OF CALF

Taylorville, Nov. 26.—A verdict against the American Railway Express company for $217 for the loss of a calf in transit was given to Elmer Carlton in the circuit court here Tuesday afternoon. This was the first case to be heard by a jury at this term of court.

A decree for divorce was given to Eula E. Brower from her husband, Dexter O. Brower, by Judge Ford. The case was not contested and she was given the custody of the daughter, Beulah. The charge was extreme and repeated cruelty.

A new setting of the docket was also made. The new setting is effective Monday, Dec. 1.

LEADERS FOR DRIVE.

Township leaders for the drive of Christmas seals for the benefit of the tuberculosis movement were announced by Mrs. Ida Shumway, county chairman, Tuesday. They include:

How women can make some dollars do more work

That dollar which used to be worth one hundred cents has lost a leg and an arm. It will only do about half the work for you.

You must buy with more care than ever—both supplies and labor.

Half-a-day's help costs now what a day's help used to.

Why not plan to cut time on housework and washing? Also to make garments last longer?

Here's good advice

Get something to do the hardest part of the work—a soap that will clean up a wash in quick-time—that you can use in cool water, if you want to save fuel, or that will do the work in hot water, if you wish—

A soap that, because it contains a generous lot of naptha, will dissolve the dirt out of clothes without hard rubbing.

But be sure to get *the genuine and original naptha soap*—not an imitation which can't do what the original will.

Get *me*

Get me at your grocer's and ask for me by my own full name

"What Really Beautiful Boots!"

ONE hears this exclamation frequently, wherever smartly dressed women foregather. Because it is the nature and habit of humanity to take note of one's boots even before hat or gown has been given a thought.

And, following closely upon this exclamation, usually comes the question—

"Where Did You Buy Them?"

Thus does news of every new arrival in the Linn Shoe Section go the rounds, for the answer usually is:

"Why, I bought them at Linn's, of course."

Correct style, plus excellent quality, plus a selling service which combines intelligence with the desire to serve you conscientiously, are factors that are making this the regular shoe trading place of many of Decatur's discriminating women.

Presenting the "Pandora," in Three Models

The "Pandora" is one of the ultra-smart boots with which this store is catching the fancy of particular women. It's here in three beautiful models, thus—

The "Pandora" with black patent leather vamp, light beaver top, and Louis XV heel, is one of the smartest, most distinctive boots we have ever shown. And it's just as good as it is beautiful.

$16.00 A Pair

The "Pandora" with dark Havana brown vamp, and brown ooze calf top to match, also has smart Louis XV heel. This is an attractive street boot, very serviceable, and excellent value at

$16.50 A Pair

The "Pandora" in black kid, with full Louis XV heel, patent leather covered, is one of the prettiest dress boots one can select. It has a certain dignity and beauty of line hard to describe.

$15.00 A Pair

Other good makes, in newest models, of both black and brown stocks, are here at $10.00, $11.00, $12.00, and $12.50 a pair.

MONEY OF WORLD COULDN'T BUY IT

This Is What Allen Says Of Good Tanlac did Him—Is Picture of Health, Now

"I wouldn't take all the money in the world for the good Tanlac has done me," was the enthusiastic statement made a few days ago by J. B. Allen, a well known employe of the C. B. & Q. railroad, living at 567 East Fourth street, Galesburg, Ill.

"I had suffered for six years," continued Mr. Allen, "and had gotten so weak that I couldn't do my work and was ready to give up my position when I began taking Tanlac, and now here I am in as good health as I ever was, why, I can hardly realize the remarkable change that has come over me. Nearly everything I ate disagreed with me, felt like a coal of fire in my stomach and gave me terrible cramping pains and for hours after I had eaten I had a mean, sour taste in my mouth. I was badly constipated and hardly a night passed that I didn't have to take a laxative, and awful feverish headaches came on me that would keep me in bed for a day or more at a time. I lost so much in weight and got so weak that I could hardly walk, I looked so bad that my friends didn't recognize me at first sight sometimes, and my cheeks were so pale and sunken that the boys down at the railroad roundhouse were all talking about my condition, and one day I heard one of them say: 'He's not long for this world.'

"This put me to thinking and I might as well say, scared, and I realized right then that something had to be done before it was too late, and I decided to give up my work and start out to find something that would help me. It was about this time I began to notice in the papers about Tanlac and the way it was helping so many people, and I knew some of them, too, so I got three bottles and made up my mind to give it a good trial. Well, I don't see, to save my life, how a medicine can be made to do such remarkable things as Tanlac has done for me. I can eat three big, hearty meals every day, digest everything perfectly, and never have an uncomfortable feeling afterwards. My constipated condition has been relieved and I am not troubled with headaches any more. My lost weight and strength has all come back to me, to be exact I am actually forty-three pounds heavier since I have taken Tanlac and was never stronger in my life. My cheeks are no longer sunken and I am the very picture of health. I don't miss a single minute from work now, and the boys all say they have never seen anything as miraculous as the way I have got my health back."

Tanlac is sold in Decatur by Decatur Drug Company, in Blue Mound by W. R. Graham, and in Maroa by Smelz-Hobbs Company.

Blood Poisoning

Hamlin's Wizard Oil a Safe First Aid Treatment

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.

It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

Permalife

A Common-Sense Storage Battery

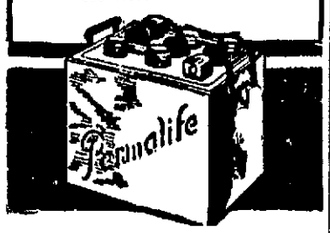

Permalife is nothing more nor less than a battery developed to the point where every part is as nearly trouble-proof as possible—a battery built of the highest quality materials on the market.

There is nothing freakish, nothing experimental about it.

The result of this common sense policy is a battery which has won the favor of motorists through its sheer quality—through its longer life and greater capacity, and through its 20 months' guarantee — the longest, real storage battery guarantee in America.

Stop in and see the battery for yourself; note its rugged, substantial construction. You'll be glad you discovered Permalife.

SOUTHERN ILLINOIS WANTS EAR CORN

Agent Calls on Sidney Smith for Help.

Southern Illinois, or "Egypt" as it is very frequently called, is in the market for large quantities of corn for feeding purposes.

The almost total failure of the corn crop in that section of Illinois has made necessary the shipping in of grain for stock feed and Tuesday the farm adviser of Edwards county called on Sidney B. Smith, farm adviser for Macon county, for the purpose of getting help in the purchase of thirty car loads of corn for shipment to farmers in his county.

WANT EAR CORN

The demand from that section of the state is preferably for ear corn. At the prices now quoted here the farmers are not selling freely. Mr. Smith told the visiting county agent that it was possible that a few cars could be secured here but that many Macon county corn growers are not now selling their crop.

Since the farmers in the southern part of the state are not prepared, as a rule, to store shelled corn the call is for the corn in the ear although as Mr Smith pointed out to the agent here, this is an expensive way to buy corn and to pay freight on cobs and moisture.

Ear corn can be put into the usual style of rail corn cribs while the shelled must be more carefully housed. Then the average farmer would rather throw a few ears to his stock than to dip up the shelled grain in a dipper or bucket.

Much grain from this part of the state is going into the southern part for feeding purposes.

Our Profit from all Sources

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story—that there are hidden profits.

Here Are The Facts:

Our net profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

1. Included profits from hides and all other by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business—write us—and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

If you get the facts we have no doubt as to the verdict.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

WANN NOT PUSHING MILLIKIN WARRIORS

Team Already Trained to Fine Point.

Coach Wann has not been driving the Millikin squad so hard this week as has been his custom hitherto, as he is taking no chances on having a stale eleven to send against the formidable Rose Poly aggregation. Against Illinois College the Blue and White team showed signs of having trained to too fine a point. Unless they recover some of the vim and dash which wrecked every opposing team up until last Saturday, they will have a strenuous time winning from the machine from Terre Haute. However the men are expected to be primed for the Thanksgiving game. This game will close the season and the team can turn loose with everything that it has.

M'KOWN INJURED.

The jinx which nearly wrecked the team before the Illinois College game continues to hound the squad. This time Frosty McKown is the victim. McKown, who is considered by many to be the best defensive end in the conference has been hobbling about school with a cane and may not appear in the Millikin team. Many a husky back has met Frosty and remembered it.

Ward and Gobra, Wann's two wounded tackles, will start against Rose and are expected to stand the gaff of a whole game. Hamilton, the other casualty, has fully recovered and can be relied upon to gain a lot of ground. The other members of the team are in good physical trim.

EXPECT BIG CROWD.

A large crowd is expected to see the team in action for the last time. The Millikin eleven is one of the strongest and best balanced aggregations the Little Nineteen has ever seen. Starting the season in whirlwind fashion the team has continued to win decisively in spite of all handicaps. They are expected to come through with a victory in the final test Thursday.

The game will start promptly at 2:30. Seats are on sale at the College Supply store. Reservations should be made for seats as a capacity crowd is expected.

BOWLING

CITY LEAGUE.

In the City Bowling League Monday night the Dubs lost to Staley's in three straight games. The score:

STALEYS TO PLAY ARCOLA SUNDAY

Reversal of Tactics Promised By Committee.

The Staley football team has finally decided to play a return game with Arcola at the latter place next Sunday. Previous to the game last Sunday this return game had been arranged for but owing to the tactics used by some of the visitors Sunday, the starch workers cancelled the second game.

However, an Arcola delegation visited here Tuesday afternoon and asked that the game be played, saying that the players referred to would be barred from the game and that outside officials would be employed.

LEAVE THURSDAY FOR CONFERENCE

Boys Meet At Y. M. C. A. At 6:30 and 6:45 Tomorrow Morning.

The delegates to the Older Boys' conference to be held in Aurora will meet at the Y. M. C. A. between 6:30 and 6:45 Thursday morning. Twenty-five delegates, including George Proctor, will go to Joliet Thursday to attend the high school football game Thursday afternoon. They will attend the conference in Aurora Friday Saturday and Sunday and will return to Decatur Monday. The names of Vernon Hale and Cecil Brown have been added to the previous list of delegates.

DECATUR BOY IS AWARDED LETTER

Harry Shlaudeman, former Decatur boy was among the nineteen men who received varsity letters and little gold footballs at the University of Illinois Monday night. Shlaudeman played guard-tackle on the regular U. of I. team in several of the games this is his last year in college football.

SCOUT GAME TO HEAD BIG AFFAIR

Play on Millikin Field Thursday Afternoon.

Boy Scouts throughout Decatur are busily engaged in accumulating sufficient nickles and dimes to pay their way into Millikin field Thursday afternoon.

The big event in their eyes is not Millikin's annual Thanksgiving fracas which takes place at 2:30 o'clock but their interest is centered on the deciding game of the season between Troop 6 and Troop 7 which will be played at 1:30 o'clock sharp as a curtain raiser for the Millikin-Rose Poly game.

WELL COACHED.

The Methodist and Presbyterian scout elevens have each defeated the other one game and have taken all other troops into camp. Both elevens are well coached, Troop 6 having the services of Leo Johnson, the star Millikin quarterback throughout the season.

It goes without saying that Coach Johnson has taught his protegee a number of the tricks that have made the fast Millikin team invincible and the Methodist eleven is not a bit backward in its statements that they are well equipped for the game.

Thanksgiving day football fans are urged to hurry through with their dinner and get out to Millikin field early enough to view the Boy Scout game.

CLASS BASKETBALL TO END TONIGHT

High School Seniors Have Not Lost Single Game.

The games played in the Inter-Class basketball league at the High school Monday afternoon was between the Seniors and the Sophomores and the Juniors and the Freshman. The Juniors defeated the Freshmen 26 to 9. The game was close the first half but in the second half the Juniors started their work and ran up a big score. Hopp and Walley were the main basket shooters for the Juniors while Johnson and Myers played a good game for the Freshmen.

SENIORS WIN.

In the second game the Seniors defeated the Sophomores 22 to 5. This game like the first one was close the first half but the Seniors out-played the Sophomores in the second half. Anderson was the main scorer for the Seniors while McGown played the best game for the Sophomores.

The standing of the league is as follows.

	W.	L.	Pct.
Seniors	5	0	1.000
Sophomores	3	2	.600
Juniors	2	3	.400
Freshmen	0	5	.000

The last games are to be played Wednesday night and the seniors are the champions while the Juniors and the Sophomores battle for second place, leaving the Freshmen on the bottom. The games to be played Wednesday night are the Seniors vs. the Freshmen and the Juniors vs. the Sophomores.

"AMBASSADOR" TO BUY AUTOMOBILE

New York, Nov. 26.—Ludwig C. A. K. Martens, self-styled ambassador of soviet Russia to the United States, was again the principal witness called before the Lusk Legislative committee investigating Bolshevism, today.

The "ambassador" admitted yesterday that he was supplied with "money and advice" from Russia. He declined to tell how the money reached this country.

Speaking of his financial ambitions, Martens said that in addition to negotiating for nearly $10,000,000 worth of shoes and canned goods for soviet Russia, he also intended to purchase $50,000,000 worth of automobiles and to organize a banking syndicate to pay off $100,000,000 in Russian bonds floated by the former czarist regime and by the Kerensky provisional government. Lenine and Trotzky, he said, had not repudiated this obligation, although empowered to do so by the Congress of soviets.

PAID MALONE $1,000.

Martens admitted late yesterday that he paid Dudley Field Malone, former collector of the port of New York, $1,000 on Sept. 12, "for help in a commercial transaction." He told the joint Legislative committee investigating radical activities that it was for advice in trying to arrange a $9,500,000 shipment of boots, meats and chemicals to be paid for on delivery in Petrograd.

FRAME NEW IRISH HOME RULE BILL

London, Nov. 26.—A new home rule bill setting up two parliaments in Ireland with a council or senate of forty to be chosen by the two, probably will be introduced in parliament within the next two weeks.

Daily sessions are being held by the cabinet committee in charge of the measure.

The most hopeful sign of an agreement is the silence which Sir Edward Carson, the Ulster leader, has preserved since the latest Irish kite was flown.

The final work, however, does not rest with parliament, but with the Sinn Fein party. If that organization pursues its policy of refusing recognition of any British law this British planned Irish parliament may come to nothing since the Sinn Fein polled a majority of the Irish voters at the last election.

TO MAKE SURVEY OF ILLINOIS ALIENS

Springfield, Nov. 26.—Members of a commission to make a survey of the immigrant, alien born and foreign speaking people of Illinois were appointed yesterday by Gov Frank O. Lowden. The commission was authorized by the last legislature. The members are Col. Abel Davis, Chicago; John W. Fornof, Streator; Charles F. Harding, Chicago; Francis W. Shepardson, Springfield, and Mrs. Harlan Ward Cooley, Chicago.

The commission is to investigate the standards of living of foreigners, their conditions of employment, housing and their social organizations and educational needs.

DETROIT MAYOR CALLS CONFERENCE

Detroit, Mich., Nov. 26.—Mayor James Couzens, a supporter of municipal ownership of street railways, today requested mayors of the principal cities of the middle west to meet in conference at Toledo next week to discuss the street railway problems confronting several of the cities.

DR. CHADSEY IS SHORN OF POWER

Chicago, Nov. 26.—Dr. Charles E. Chadsey, recently re-instated as superintendent of schools here, after a long legal fight for the position, was yesterday stripped of his power and reduced to a mere titular head, while Mr. Mortenson, associate superintendent, was given the real authority. This proceeding was the result of a meeting of the school board when the majority members over-rode the solitary objection of Trustee Jacob M. Loeb, and vested the authority in the associate superintendent.

Dr. Chadsey's counsel, Angus Roy Shannon will appear before Judge Kickham Scanlon, who ordered Dr. Chadsey's restoration to office and ask him to cite the majority members in his court.

Dr. Chadsey's first act at the opening of the meeting of the school board was to ask for a higher rate of pay for teachers.

RICH HARVEST FROM TOURISTS

Paris, Nov. 26. — Hotel men, seeing fortunes in the expected flood of American and other tourists next year, are planning to erect "barrack hotels" along the battle front. The National Chamber of Hotelkeepers co-operating with the government, is seeking private capital to put up such temporary buildings during the winter.

Officers of the association said most of the hostelries now operating at towns on the front have patrons "sleeping in halls and even on billiard tables." The first efforts are being directed toward making habitable hotels that were damaged during the war and inducing owners of places destroyed to rebuild them.

LLOYD GEORGE ON PROHIBITION

London, Nov. 26.—Premier Lloyd George said today that he never had thought the introduction of prohibition in Great Britain possible, even during the war, but that he was watching the American experiment sympathetically, with a mind free from pre-conceived opinions.

His reply to a temperance deputation, to which he made this remark, foreshadowed legislation before Christmas in connection with the control of liquor.

"THE LOTTERY MAN"

NO LIMITS as to age, size or previous condition of marital servitude. Man willing to go before altar and swear away his whole life. Reasons strictly personal. Two hundred thousand women already in the contest, so you'd better come early. Husbands, real or would-be, also admitted if they will pay for one or more seats and slowly wink one eye.

Management not responsible for buttons bursted by laughter during performance. Still, whatever happens, you will see a picture that is a picture. Don't miss it!

MIGHT BE UP TO SOMETHING

Dr. Simson was sent by Germany to Paris to sign the peace protocol and has to get his country back on friendly footing with the rest of the world. Dr. Simson has left Paris and has gone back to Berlin. He says he is to get further instructions, though he was accredited as a plenipotentiary.

M Clemenceau is "surprised" at this performance on the part of the Doctor. Several others have expressed themselves to similar effect.

Clemenceau and the other gentlemen are a little more deeply stirred than is indicated by the word "surprise." Dr. Simson felt called back to Berlin very suddenly after the United States senate failed to ratify the peace treaty.

There is just a chance Dr. Simson has a notion the United States is to drop out of this peace settlement, and that if it does it may be worth Germany's while to give the remaining Allies a few chapters of back talk.

DISTRIBUTION COMES HIGH

A committee from a farmers' organization investigated food costs in Chicago, taking a large and poor family for this purpose.

It was found that in a week this family spent $8.35 for food. The part of this that went to the farmers of Illinois was $3.48. This leaves $4.87 added to the price of the food after it left the farmers' hands.

The argument is that it won't help much in reducing the cost of living to have the farmer take a lower price for his contribution to the pantry. It does seem strange that the farmer's share of this final cost of food should be only a little more than 40 per cent of the sum the Chicago consumer has to pay.

Distribution calls for a lot of money in this country. We don't know that it is more than in other countries, but surely it is high here. However, we have had this situation for a long time, and still no business genius jumps in to mend it.

BETTER THAN MCADOO DID

Mr. McAdoo is reported to have broken into the coal dispute with the statement that mine owners made from 15 to 2000 per cent on their capitalization in 1917.

Mr. Brewster and others for the owners retort that it is "exceedingly bad taste" for Mr. McAdoo to inject himself into the present situation in this manner, for thereby he embarrasses officials of the government who are trying to adjust present differences.

They might have told Mr. McAdoo that either 15 or 2000 per cent is a good deal more than he made in operation of the railroads that or any other year.

They might have remarked further that if they have to operate the mines along the lines of Mr. McAdoo's road operation there will be no profit for anybody, even though the public is called on to pay a great deal more for coal.

LAST CALL ON CIDER

Good cider is advertised at 85 cents a gallon, including the container—or possibly it is expected this is to be returned. But there is the big central fact of a gallon of cider going at 85 cents. Old-timers will look on this with alarm.

But it may be a cheap price for cider, all things considered. They tell that a quart of red liquor now brings several times what it did a short while since; this is because the days of redeye are thought to be about done.

And some point out that it begins to look about the same way for cider. Under the interpretation of the law that is ahead of us, a man who has apples can make cider for his own use, but he can't sell it for consumption. The only sale he can make of cider is to a properly licensed and thoroughly bonded manufacturer of vinegar.

This is perhaps your last chance to buy cider. You may expect the price to be high.

TABLE STAKES

Some of them met in Chicago this week and formed a Labor party. The first proposal was that each member be assessed a day's pay for next year's campaign expenses.

Somebody must have arisen in meeting to proclaim this will never do, that it is sure to get the new party in bad repute right off the jump. Say there are five million members—a small enough number to take into a national campaign—and these have average pay of $5 a day. It would make a campaign fund of $25,000,000, several times as big as the Republicans had in their fattest days.

Other members in the Chicago meeting saw the point and grabbed its force. They decided to call on members for only an hour's pay, and this might be enough to make the campaign fund large to the point of scandal.

A THOUSAND FOR THE HERO

The Rotary club of this town desires to send Sergeant Alvin York away from here next Monday evening with $1,000 not for the school he is building in Tennessee. In this the Rotarians are possessed of a laudable as well as a reasonable ambition.

Alvin York was the biggest hero of the war—a story with which all are pretty well acquainted by now. He isn't taking a dollar of this money for himself; every cent will be devoted to a worthiest purpose.

Under those circumstances the proposed thousand dollar mark is shooting low enough; it isn't in the same class with the shooting that Alvin York did in the Argonne when he brought in 130 Germans and put thirty others eternally out of commission.

A BIG QUARTER'S WORTH

A citizen is reported to have protested earnestly because he was charged 25 cents for a ride of four blocks in a cab.

And the story is he called that cab a distance of seventeen blocks to pick him up. In all the cabman had to go twenty-two blocks before he got back to his home station.

We don't know how they are to mend a matter of this kind. Two bits for twenty-two blocks is the least the cabman can demand; 25 cents to ride four blocks strikes the patron as something awful. Nobody saves any money in this performance and there is dissatisfaction all around.

Few of us dreamed that at such a time as this 25 cents would cut as wide a swath in the world.

NOT IN A GAS STOVE

Commissioner Van Prang has a plan by which he will work up old shade trees of this town that have passed their usefulness. He will have these taken to some yard, where they will be worked into stove-wood lengths. This wood will be sold at cost of production to the city.

But will the wood sell at this price? This depends on what it is. Under the rules, regulations and handicaps Commissioner Van must proceed it may cost $25 to work up a cord of stovewood. People of the city who use gas stoves will not take the wood at this price.

Carnegie institute professors complain they can't buy eggs for breakfast, and one of them is having difficulty in financing a pair of new shoes. That is about the way with the rest of us.

Remember when you start on a hunting trip that this is the time of year we have items that tell of fatal accidents in the practise of this pastime.

Again forgetful ones are reminded that to write checks with no money in the bank is a greased avenue of approach to Mont Pontwoll's jail.

If you are not interested in basketball and bowling you will be given a slight intermission before the sporting page opens on next year's news.

Bloomington is planning to invest a half million in a temple in that town. It what business did those worthy people grab off all this profit?

Walter Rugh is going back to hardware, and a man who shone in this line as he did should never have been allowed to get away from it.

New York is so excited over the recent call of the Prince of Wales that it can't find time to get disturbed over the empty coal bin.

Congress meets again next week, and it will have to hurry to get itself adjourned in time for the elections of 1920.

We don't understand how Coach Wann sees a bigger field in Europe than there is right here in his home land.

If you don't get turkey tomorrow you will have several dollars more to blow on that early shopping.

It looks like the real thing in farewell to Indian summer.

The Serious Objection.

The Dog Dealer—We don't keep them. Mexican hairless dogs haven't been in vogue for some years. But your wife will like this beautiful Japanese spaniel.

The Customer—Sure, she'll like it. But she'll use my comb and brush on the mutt.

Just Folks by Edgar A. Guest

THE GOOD BENEATH.

Sometimes the other fellow does a thing that I detest,
Sometimes I hear him scoffing at the things which I like best,
Yet I know that he is kindly, and I know that he is true,
And I know the big and fine things are the deeds he wants to do,
And I've come to this conclusion: That a dreary world 'twould be
If we always judged each other by the trivial flaws we see.

No one ever gains perfection, and the best of us is stained.
By the things we do in weakness oft our truest friends are pained.
And I sometimes sit and wonder, as another's faults I see,
If the world is overlooking all the blemishes in me.
And I wonder where we'll finish if we're judged by such a test
That our worst is held against us and God fails to see our best?

Oh the other fellow's trying just as hard as you and I
Here on earth to do his finest till the day that he must die.
And with all his faults and habits, if we only understood,
I think we'd find his motives for the greater part are good,
And I like to give him credit, though he does things I detest,
For the man he is and will be when he's living at his best.

LITTLE BENNY'S NOTEBOOK

FURNITURE

No matter how howtifill a house is, if you took all the furniture out of the inside nobody would want to live in it. This can be proved by looking at any empty house.

Furniture should be earnamental as well as usefill, like picktures, being earnamental to look at and usefill to hide spots on the wall paper. If chairs dident haff to be enything but usefill, people could set on soap boxes and stay up jest as good. A chair with one bronk leg is ony earnamental, and if sumbody tries to set on it, it will proberly even stop being earnamental, on account of a upside down chair being one of the least earnamental sites there is.

Windows is earmental to look out and see the view, and usefill to look out and see if its raining or not without getting wet in case it is. The amount of lite in a room depends on the number of windows and how far the shades are pulled down. Windows haff to be washed every once in a while or they get to be notticable.

All clocks are earnamental exsept alarm clocks, but many clocks are not as usefill as they use to be on account of having stopped and staythat way. The works of a clock are on the inside and therefore ignorant people give the face and hands most of the credit. All a clock needs is to be wound up regular and not dropped.

Tables are usefill to put things on when you dont know ware elts to put them. The dining room table would proberly be missed the most. After supplr many people make the dining room table earnamental by putting a lamp on it, but when you haff to study your lessins on it you generally don't appreciate its earnamentalitiss.

LEE PAPE

About Town

"THERE must be thousands of tons of sugar hoarded in very small lots all over this country," said C. E. Ward Monday when asked how the sugar situation is in the wholesale business.

"We have no change in our situation but from stories which come in from our salesmen it is evident that the housewives of the country, both in the town and in the rural districts, are really helping to create a tight sugar situation. The nation is sugar mad."

"One of our salesmen was in a store at Mt. Zion or Bethany recently when he heard a woman ask the merchant if he had any sugar. The merchant replied that he had but when the woman asked how much he sold at a time he replied, "Fifty cents worth. What is that package you have under your arm?"

"O, that," replied the woman, "is another fifty cents worth that I bought from another merchant in town. I have several of such packages at home."

"In that case," replied the merchant, "I will keep my sugar for some one who is not so well supplied."

"That shows," said the Decatur wholesaler, where much of our stock of sugar is. America is sugar crazy. Facts and figures tell us that we are using much more than our share of the worlds limited supply."

Ten Years Ago Today In Decatur

NOVEMBER 26, 1909.

"Slim" Cowell, Decatur Three-I league pitcher, was severely burned in a mine accident at Taylorville.

The Y. M. C. A. Boys' department gave the first of a two night's circus performance before a large crowd.

Having bored and found a sufficient flow of water on the ground of the burned Decatur Cereal Co., at Eldorado and Van Dyke, the Polar Ice and Storage company announced it was ready to start work on a $110,000 plant immediately.

Weather was so mild that many green things were springing up again.

TWENTY YEARS AGO TODAY.

The Review's Fourth Annual Prize story contest closed. Sixty-five stories were entered.

Captain T. J. Abel sold his West Macon residence to J. L. Drake and moved into Riverside.

It was estimated 1,000 gallons of milk were used in Decatur daily.

The will of Charles A. Turner, valued at $100,000 was filed for probate.

Manager Given of Powers theater received word that the could have the choice of six different Shakespeare plays for Modjeska's engagement.

DOUGLAS PIONEER BURIED AT ARCOLA

Tuscola, Nov. 26.—Funeral services for John W. McFadden, a well known and aged farmer who died at his home near Arcola on Sunday night, were held from the Arcola Methodist church on Wednesday afternoon. The Arcola lodge of Masons, of which he was a member attended the services in a body and had charge of the burial service in Arcola cemetery. The deceased was more than eighty-three years old, and had been a resident of Douglas county for more than sixty years.

SELECTED DOUGLAS COUNTY.

He was born at Newcomerstown, Ohio, and came to Illinois before the Civil war. He first visited the vicinities of DuQuoin, Lewiston, Bloomington and Champaign, but decided that the land at those places was too high in price for him to locate at any of them. Coming on to Douglas county he found the county fair in progress and being attracted by the agricultural products then shown and the cheapness of the black prairie soil, he selected a piece of land and located in this vicinity where he has since made his home.

MASON FOR MANY YEARS.

He was probably one of the oldest members of the Masonic fraternity in the county, having been a member from the time he was old enough to be eligible to membership, and was an active member in the order as long as his health permitted. Politically he was a Republican, his first vote for a presidential candidate having been cast for Abraham Lincoln. He was a member of the Methodist church having been brought up under the old type of Methodist training. He was interested in, and so long as he was able, took a part in all matters of the county pertaining to agriculture and fine stock raising. While modest and unassuming so far as personal praise was concerned, he was strong in his convictions for the things he thought to be the right.

O. E. S. MEETING.

The Order of the Eastern Star had a fine meeting in the Masonic hall of this city on Tuesday evening, when Mrs. Nettie C. Kenner of Chicago, Grand Secretary for Illinois, was present to make an address. Members of the order were invited and present from all lodges of that order in the surrounding towns. There was a social hour and refreshments were served following the regular session.

TWO AIRPLANES SEEN.

Two air planes passed over Tuscola at noon Tuesday, the first craft of the kind that has been seen here for several days. They were flying at a high altitude and appeared to be headed directly south.

John Sipp and wife of Bourbon left here Tuesday for St. Petersburg, Fla., to spend the winter. They have made a practice of spending their winters in the south for several years.

Mrs. George Stuart of Villa Grove was shopping in Tuscola Tuesday.

Mr. and Mrs. Roy R. Ruff, of San Benito, Tex., who spent last winter here, while Mr. Ruff was engaged in selling irrigated land in the San Benito Valley, were again in Tuscola Tuesday.

J. W. Boggs, who has been working in the C. A. Vest harness and vehicle store, left Tuesday for Parsons, Kansas.

Mr. and Mrs. Steve Dukeman of Atwood left here Tuesday via the C. & E. I. for Shreveport, La.

Mrs. Effie Landers was a Tuesday visitor in Villa Grove.

Mr. and Mrs. J. M. Smith, Mrs. James Ponder and daughter, Evalyn, Mrs. Nathan Moore, Mrs. Lester L. Smith and Jeff Baldwin were among the Tuscola people who were in Decatur Tuesday.

County Surveyor W. E. Price was a Tuesday business visitor at Garrett.

Mrs. Frank Bassett and Mrs. Jesse Bassett were Tuesday visitors with friends at Newman.

W. H. Fry was a Tuesday business caller at Chrisman.

G. L. England went to Marshall, Ind., Tuesday to look after his Parke county farm.

George Stiver was a Tuesday visitor in Villa Grove.

PADEREWSKI'S FACE ON POSTAGE STAMP

Warsaw, Poland. —For what is said to be the first time in history the likeness of a musician has appeared on a postage stamp. It is that of Ignace Paderewski, president of the Polish republic on a new issue of Polish stamps.

HIS AFFIDAVIT FAILED TO WORK

Findlay Defendant Sought His Fourth Continuance.

Shelbyville, Nov. 26.—When the case of the People vs. John Weathers of Findlay, was called for trial in the circuit court, the defendant made a motion for a continuance, supported by the affidavit of Grover Weathers, a son, to the effect that the defendant was sick and unable to be in court.

THREE CONTINUANCES.

The state's attorney showed to the court that this same case had been continued three times on the application of the defendant, twice for sickness and once on account of the son being in military service, and objected to the continuance on the ground of sickness, saying to the court the defendant was not sick but had been on the streets of Findlay not later than the day before and was able to come to court.

The court examined a number of witnesses from Findlay as to the condition of the defendant, but did not get very satisfactory results, and so, on motion of the state's attorney, Dr. Theo. Thompson was sent to Findlay to examine the defendant and report. He reported to the court that the defendant was able to be in court, although suffering to some extent with muscular rheumatism. The court ordered the defendant to be brought in and he was hustled to town by the order of the court and the jury was selected, after he got here.

Weathers is an old man, crippled, having only one arm, and is a sorry spectacle in court. He creates sympathy for himself by his appearance. He is sixty-eight years of age and is charged with selling intoxicating liquor in anti-saloon territory.

He was tried in the Federal court at Cairo on the same charge, and after a vigorous prosecution, was acquitted.

DONELSON SENTENCED.

George Donelson was sentenced to the State Reformatry at Pontiac for an indeterminate period of from one to twenty years on his plea of guilty to burglary and larceny of the William Stone grocery store in Moulton some time ago. He had asked for a parole but did not persist in his petition.

SERVED WRONG MAN.

The state's attorney was not able to proceed with the case against Oscar Chapman of Mowequa, by reason of not having the proper witnesses present. Two John Hoags live in Mowequa, and the sheriff summoned the wrong man. The state did not have time to get the right party here and the setting of that case was cancelled. The defendant is charged with gaming, along with another defendant named Hugh Green. Both were ready for trial with their witnesses and were anxious to proceed, but the state's attorney was not ready. Both defendants were allowed to return home on their own recognizances. The case will be tried next term.

CONTINUED.

The case of People vs. Charles Glasco was continued on account of the absence of a material witness for the state who was at present in Florida and upon whom service of summons could not be had.

SET FOR TRIAL.

The case of the People vs. Zamboni is to be tried this week. Zamboni is charged with stealing the Homer Fleming automobile. He is making a defense on the grounds that he did not steal the car, but bought it in good faith, and he has a number of witnesses here to substantiate his claim.

HOLLIS GETS DIVORCE.

Clarence C. Hollis was granted a divorce from his wife, Catherine Hollis, on the grounds of desertion. The parties have three children now living in Rochester, N.Y., with the sister of the complainant. They are being supported by the father. Mr. Hollis is a member of the Whitaker-Hollis Automobile company of Shelbyville, Decatur and other places.

PETIT JURYMEN.

The following is a list of the jurymen for this and next week of court, if they are needed for the second week.

O. K. Hawley—Pickaway.
G. E. Steele—Sigel.
O. M. Spracklin—Lakewood.

Frank Tipton—Windsor.

TO SPEND WINTER IN SOUTH.

Jacob Longenbach of this city left Tuesday for Louisiana where he expects to spend the winter in the home of his sons, who have been there a number of years, going from this city. Since being in the south the two Longenbaugh men have been engaged extensively in the raising of rice and have made a marked success at their work.

MARRIAGE LICENSES.

Marriage licenses have been issued to:

Edward Doehring, 23, of Strasburg, and Amelia Vogel, 19, also of Strasburg.

Frank Scribner, 28, of Okaw township, and Frada Miller, 20, of Okaw township.

Dennis Wakefield, 22 of Findlay, and Ruby Loffland, 18, of Findlay.

Rev. Mr. Gant of Windsor is preparing to begin a series of revival meetings at Wesley Chapel. Rev. A. M. Sinclair of Decatur will assist him in the services.

CHANGE OF PASTORS.

Rev. Fr. Michael Crowley of the Catholic church in this city has received word from Bishop Ryan that he is to be transferred to Coffeen, Ill. Fr. McKown, who is now at Coffeen will be the new pastor in this city. The members of the local church have petitioned the bishop to leave Fr. Crowley here. He came here from Decatur only a few months ago, succeeding Rev. Fr. J. M. Heslin, who was transferred to the church at Stonington.

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Chest Colds, Coughs and Sore Throat Go Over Night

Begy's Mustarine is Better than Liniments, Plasters Poultices or Hot Water Bottles. Does the Work in Half the Time.

Remember the terrible Influenza Epidemic last year?

The demand for Begy's Mustarine was so enormous, that stocks in retail stores and wholesale warehouses disappeared with amazing speed.

Get a box now—or two boxes, you can't tell what will happen.

But just as soon as your throat gets sore or you feel that tightening in the chest.

Rub on Begy's Mustarine, for nothing on this earth will subdue inflammation, and prevent congestion, quicker than this great and first improvement on the old-fashioned mustard plaster.

It's the quickest pain killer known, so be sure when you even suspect pleurisy, bronchitis or tonsilitis, to use it freely.

It won't blister not even the tenderest skin—it cannot blister.

But it's hot stuff, and contains more concentrated non-blistering heat, than any other counter-irritant in existence.

That's why it goes right after pains and aches, soreness and swellings, no matter where located, and ends all the misery and distress so quickly, that sufferers are joyfully astonished.

Use Begy's Mustarine, always in the yellow box, to ease the pain of rheumatism and gout.

Just rub it on for lame muscles, sore feet, stiff neck, cramps in leg, sprains and strains.

Get out the box promptly when you have neuralgia, neuritis, lumbago, backache, headache, earache, toothache or any ache anywhere.

Be sure it's Begy's Mustarine—made of real yellow mustard and other pain-destroying ingredients. Druggists announce return of money if it doesn't do as advertised. One box equals fifty blistering mustard plasters.

STOPS PAIN MUSTARINE CANNOT BLISTER

NUCOA

What it is—
How made—
Why white—

NUCOA is table butter. It displaces cow butter—and does it without a single apology. If it were less buttery than that which you have been brought up to call butter, it would fail utterly. It is a great big success. Our five churning plants have a daily capacity of 300,000 pounds. Just think of it! Enough butter to spread nine million slices of bread—liberally. Never let anyone tell you that Nucoa isn't butter. What else could it be when it butters all this bread every day?

Let us tell you how it is made. We import the meat of the coconut from Ceylon, Java and the Philippine Islands. This is crushed and refined into a cream white butter. It could not be finer. It does not contain a trace of water. It is just pure coconut butter. Highly refined, rich, peanut oil is added. This is just like olive oil in color and texture. The richness and mellowness of peanut oil makes it very valuable. These two products are churned with cultured milk that has first been pasteurized. When it leaves the churn it is worked and salted the same as creamery butter. The one secret is efficiency and care.

Nucoa is white because the Dairy Interests succeeded in passing a law that took from us the use of the very color that all cow butter contains. We supply this color free. Process of coloring simple and easy. It takes but a minute. Directions surround each print. Branded oleomargarine to satisfy an old Federal Law passed before Nucoa was made. Work with your Congressmen against these discriminations.

PRETTY LUNCHEON AT COUNTRY CLUB

YELLOW was the predominating color at the luncheon given Tuesday afternoon at the Country club by Mrs A W Conklin for her niece Miss Agnes Eisenmayer, who is visiting here from Los Angeles Cal. Yellow pom-pons with green intermingled were on the table, and the yellow idea was carried out in other ways.

Thirty guests made up the party at the luncheon. Besides Miss Eisenmayer a guest from out of town was Miss Edith Smith who is visiting at the Earle home.

Sixty people attended the meeting of the Art and Literature division of the Woman's club Tuesday afternoon. Besides the old and new members there were a number of invited guests.

This was the last of the musical afternoons planned for the month of November. Mrs L H Smith, who has had charge of these musical programs, and those who have taken part in them were given a rising vote of thanks by the division. The month's programs have been very much enjoyed.

For Tuesday's meeting Mrs C H Patterson gave a review of the opera 'Madame Butterfly.' Miss Helen Grossman sang several solos, and there were piano numbers by Miss Beatrice Gher. After the program which was enthusiastically received light refreshments were served.

Mrs G E States will be leader for next month. One feature planned for next week is a literary contest.

WILL REPORT ON SUFFRAGE MEET

A MEETING of the local Constitutional Convention club composed of women interested in equal suffrage, is being arranged for next week at which time Miss Rose Lillott will give a report of the state convention of the Illinois Equal Suffrage association which was held recently in Chicago.

A woman's liberty drive, under the auspices of the National Woman's party, is to be started Thursday and continue for two weeks. The women fear that the Susan B Anthony amendment which has already been ratified by nineteen states and must have thirty six to become effective will not be ratified by the others in time for the women to register for the 1920 elections. Campaigns are to be carried on in states that are ready to ratify to obtain special sessions so that they can ratify this amendment at once. The final drive for enfranchisement of the women will be participated in by workers from coast to coast.

It is not likely that anything will be done locally in the drive. The local women have already contributed their share in the financial end of the drive.

114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About $105 Extra Income Per Month for Mrs Ropp

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed and am now getting 107 to 114 eggs a day.—Mrs Essie B Ropp, R R 2 Litlin Ind.

Mrs Ropp got this increase of 7 dozen a day in the middle of winter. At 50 cents a dozen, 30 days a month, this makes $105 extra income a month. The Don Sung for her 200 hens cost her about $3 50 per month. You can see how well it paid her and we'll guarantee it will pay you. Here's our offer.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg laying) works directly on the egg-laying organs and is also a splendid tonic. It is easily given in the feed. Improves the hen's health, makes her stronger and more active in any weather, starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs no matter how cold or wet the weather your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co. 827 Columbia Bldg., Indianapolis Ind.

Buy a Griswold cast iron Dutch Oven and you will save in many ways. Use it on top of range or in the oven, it will roast, boil, bake or fry. No other cooking utensil can be put to so many uses. It is made of special refined cast iron. The tight fitting cover helps to retain the nourishing juices which flavor the food in a most delicious and appetizing manner. Meats and fowl cooked in this way do not shrink, shrivel or evaporate as in the ordinary pan or roaster made of thin material. The cheaper cuts of meat can be made as tender and nourishing as the most expensive, retaining a greater per cent of their natural fats and protein. The Griswold cast iron Dutch Oven has been thoroughly tested and approved by scientific as well as practical housekeepers. The No. 9 is the regular family size.

INDIGESTION

At once!—"Pape's Diapepsin" corrects your Sour, Gassy, Acid Stomach—Relief awaits you!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin as an antacid, they know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment! Pape's Diapepsin tastes like candy and a box of this world-famous indigestion relief costs so little at drug stores. Pape's Diapepsin helps neutralize the stomach acids so you can eat without fear.

GIVING THANKS

WE ARE GRATEFUL TODAY for the prosperity spread throughout our land, notwithstanding that Europe is in the throes of want.

We give fervent thanks for having emerged from war with our manhood unimpaired, our flag unstained.

War dislocated all human relationships. On the surface today there is the friction of readjustment. This is but the pain of progress. Beneath disturbed waters flows the irresistible current of the common weal. Good sense and fair play will prevail; antagonism will vanish; selfishness depart; the co-operative impulse of America will receive invigorated impetus.

The Nation that emerged from the world war with splendor cannot long blemish its glory with domestic discord.

The red past is dead; the white future beckons! With hearts thankful for peace and unprecedented opportunity, let us press onward.

TODAY your boy may be back from a valorous service abroad—sound of mind and body. He may have the Croix de Guerre or the Medal of Honor. You have him with you. We rejoice with you in your Thankfulness and your happiness.

Let us, however, give a thought and a word of Thankfulness, of comfort, sympathy and cheer to the mother whose son remains on the battlefields, having paid by his life's blood for yours and our protection—for the freedom of our homes, our country and her people,

May our prayers this day and forever go out for both living and dead, in Thanksgiving—and in pride that today the terrible strife is but a memory—though bitter and sweet.

May the great resources of the world speedily restore to all the blessings of a happy and contented surrounding.

VOTE $100 BONUS TO ALL TEACHERS

Will Be Paid in Two Equal Installments.

MISS BRAND RESIGNS

Is Threatened With Nervous Breakdown.

The board of education in a called session Tuesday afternoon voted to pay all teachers and supervisors a bonus of $100 in addition to their salaries, $50 to be paid at Christmas and $50 at the end of the year. Superintendent Engleman recommended a flat increase of $100 in salaries. The salaries of Decatur, he said, are too low. They are among the lowest paid in cities of its class. Many teachers are not receiving living wages he said. The cost of living has advanced since most of the contracts have been signed. As far as can be determined now there will be a surplus in the educational fund at the end of the year of something above $20,000. He thought that this should all go to teachers.

There was a prolonged discussion of the recommendation. One point discussed was whether the money should be distributed to teachers as a flat increase or whether it should be scaled, according to term of service and other conditions. The other point was whether there would be as large a surplus in the educational fund to be distributed. The board very soon reached an agreement that the money should be distributed on a flat basis giving an equal amount to all teachers. They disagreed with the superintendent that it should be distributed as salary and paid monthly in addition to their regular pay checks, but should be distributed in two yearly payments as a bonus.

FINANCIAL STATEMENT.

A financial statement submitted by the business agent showed the probable surplus under the original salary scheme. It was admitted that this statement at best is only an approximation since it is not yet known what the assessed valuation of the district will be. The educational fund may fall short of this approximation by several thousand dollars. It was ultimately decided that the bonus be made $100 regardless of the possible outcome of the school fund.

An increase of $50 a year was voted the athletic coaches in the various school buildings. One teacher in each building looks after the athletic work. This often takes the time of the coach after school hours and on Saturdays. The board voted the $50 extra pay for the extra work, the money to be distributed according to the recommendation of the principal.

MISS BRAND RESIGNS.

The resignation of Miss Mary Brand, principal of the Warren street school, was tendered. Miss Brand has been in the Decatur schools many years and is one of the strong principals. It is stated that Miss Brand is threatened with a nervous breakdown. The superintendent was instructed to take whatever action he regards as necessary in her case.

Miss Lestor was voted seven-eighths of $50 for her work as general supply teacher before going into a regular grade position.

The request of a local merchandise house to have access to the school rolls was denied on the ground that it would be impracticable to grant such a request to all concerns.

NEW SUPPLY TEACHER.

Miss Loretta Margaret Jackson was elected general supply teacher at $900 a year.

It was announced that the pay checks of Miss Vanneman and Mrs Doyle, who left the schools without being released and had gone to other positions were ready. The question was asked if the two teachers should be hunted up and the checks forwarded or the business agent should wait till they asked for them. It was decided to wait till they ask.

It was voted to charge the Rotary club a fee of $15 for the use of the high school auditorium for the Sergeant York lecture. This is estimated the actual cost of fuel, janitor service and lights.

There was some discussion of the name of the new Junior high school but no conclusion was reached.

JAIL SENTENCE FOR ARTHUR BETZ

Six Months Time and $300 Fine on Swindle Plea.

Arthur Betz, Argenta man, who entered a plea of guilty in Judge Anderson's court at Indianapolis recently, to a charge of being implicated with the famous alleged gang of Muncie, Ind., swindlers, was sentenced Tuesday to six months in the county jail at Indianapolis and a fine of $300 was imposed.

Twenty-four were sentenced at the same time, Mayor Bunch and Horace G. Murphy, a prosecuting attorney drawing the heaviest sentences. Each received two years in the federal penitentiary at Atlanta, Ga., and a fine of $1,000 each. Two others received federal penitentiary fines. The lightest fine was imposed on an aged man from Des Moines, who was given one day in jail.

STATE MEETING TO BE IN DECATUR

Service Star Legion to Make Plans For Entertaining Guests.

Plans for the state convention of the Service Star Legion, which will be held in the Woman's club rooms of Decatur on Dec. 11, will be made at the regular meeting of the Service Star Legion to be held at 2:30 Friday afternoon, Nov. 28, in the home of Mrs. A. A. Wolfe, 1707 Lincoln avenue. Miss Stevenson, a returned nurse, who served for more than a year in France, will speak to the members at this meeting.

THREE FURNACES CAUSE ALARMS

Two Flues Burning Out and One Pipe Gives Way.

The fire department answered two "burning flue" calls Tuesday evening, one to the home of D. F. Kinney, 354 West Main street, at 6:15, p. m. and the other to the home of Ora Crane, 1252 West Decatur, at 8 o'clock.

The department was also called to the home of John Henebry, 442 Stuart avenue, at 6:30 Tuesday evening. A furnace pipe had rusted out and was allowing smoke to fill the house.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MUSTEROLE WILL NOT BLISTER

CALVIN G. BRADEN OLD RESIDENT DIES

Succumbs at 73 After Living Here Almost Seventy Years.

Calvin G. Braden, for almost seventy years a resident of Macon county, died at 6 o'clock Tuesday evening at his residence, 538 North Franklin street. He would have been seventy-three years old in March. His death was due to hardening of the arteries. He had been in failing health for the past two years.

Mr. Braden was born at Mifflin, Richland county, O., March 7, 1847. With his parents he came to Illinois and settled on a farm northwest of Maroa when he was only three years old, and has lived in this county ever since.

Mr. Braden and Miss Mary Brintlinger were married in Maroa, Feb. 26, 1874. Ten children were born to them, five of whom have died. He is survived by his wife and the following children: Edward J. Braden and Miss Bessie Braden, Mrs. Harry Wikoff, Mrs. Wilbur Coon and Mrs. Everett King, all of Decatur.

Mr. Braden was one of seventeen children. Two brothers, Solomon and Aquilla Braden, reside in De Witt county, and there are three sisters and eleven brothers living in Iowa.

Mr. Braden was actively engaged in farming until seven years ago. Then he retired and moved to Cisco. After living there five years he moved to Decatur and the family has lived here for the past two years.

The body was removed to the Brintlinger & Sons undertaking establishment and prepared for burial. The funeral will be held at 2 o'clock Friday afternoon at the residence.

BEMENT DINNER PARTIES THURSDAY

Bement, Nov. 26.—Mr. and Mrs. Shirley Body will entertain at dinner Thanksgiving, B. S. Brooks and family and S. A. Brooks and family of Decatur, Miss Alberta Brown of Lovington, Mrs. Ollie Clark and son, Selby and Mr. and Mrs. C. L. Body of Bement.

Mr. and Mrs. W. C. Hammond and Mr. and Mrs. E. S. Hodnina will entertain the Hammond-Hodman families at dinner in the Hammond home Thanksgiving day.

Mrs. Will Lamb will be hostess to the Methodist Woman's Foreign Missionary society at 2 o'clock Friday afternoon. Mrs. T. B. Ewing will have charge of the devotions.

Born, Friday, Nov. 21, 1919, to Mr. and Mrs. Verne Keis of Lodge, a son. Mrs. Keisi was Miss Sadie Jackson of Bement.

The dime social to have been held by the Presbyterian Ladies' Aid last Friday in the home of Mrs. W. M. Camp, was postponed until Friday, Nov. 28.

Hon. Frank S. Regan will give an illustrated chalk talk lecture Friday evening in the town hall. His subject is "The Pool Tax Payer". This fourth and last number will be given early in January.

A union prayer meeting will be held in the Christian church Wednesday evening. Rev. A. A. Luce, pastor of the Methodist church, will be the leader.

Union Thanksgiving services will be held in the Christian church at 10 o'clock a. m. Thursday. Rev. W. E. Olmstead, pastor of the Presbyterian church, will preach the sermon. The music will be under the direction of Mrs. G. M. Thompson.

The Presbyterian Ladies' Aid society made $53 at the Thanksgiving market held Tuesday afternoon.

ASPIRIN—Its Uses

First Introduced by "Bayer" in the Year 1900

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for nineteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and Pain generally.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages.

Aspirin is trade mark of Bayer Manufacture Monoaceticacidester of Salicylicacid

USED CARS

Nov. 23—1919

Our stock at this time consists of Dodges, Buicks, Saxons, Overlands, Oaklands, Inter-States, Hups, Allens, Maxwells and Fords. All high-grade, light weight, late model touring cars, EXCEPT ONE VERY HANDSOME OAKLAND SIX SEDAN. We have no ROADSTERS OF ANY KIND at this time, but we are RIGHT AFTER SOME VERY GOOD ONES, and you can be assured when they come they will be the RIGHT KIND AT THE RIGHT PRICE. The SURE WAY TO FIND OUT whether we have what you want, OR NOT, is to come in and SEE FOR YOURSELF. The newspapers have something to say about how often we CHANGE OUR AD, and the ad does not always show the exact list, on account of changes that take place in our stock between times. Our stock is open to your inspection, and we always have GOOD ONES WORTH THE MONEY.

COMMUNITY HIGH SCHOOL IN DEWITT

Clinton, Nov. 26.—The filing of a petition late Tuesday afternoon with Superintendent Roy H. Johnson by fifty voters of section 1 to 31, inclusive and section 36 of Barnett township for an election on the proposition of establishing a community high school, indicates that another high school will be established in Dewitt county for the benefit of the students of that locality.

These sections to be in the proposed district, include all of Barnett township except four townships at the extreme south which are around Hallville. The territory affords a large area for the drawing of high school students and is a prosperous area for the establishment of an adequate school.

The petition was filed Tuesday afternoon by Attorneys Herrick & Herrick for fifty voters of the sections interested, including the legal number of names for the calling of an election. Superintendent Johnson will probably call the election for Saturday, Dec. 20.

WELDON WINS.

Weldon high school won from Argenta high school Tuesday night by the score of 21 to 14 in a fast game of basketball in which the Weldon boys had the edge the most of the time. The Weldon team looms stronger than ever this year at the opening of the season. The Weldon second team beat the grade team in a good game 18 to 9. Vern Shinneman was the referee.

MRS. STOUT DIES.

Mrs. Eva A. Stout, 408 West White street, who had been ill continuously since last March and confined to her bed practically all of the time died Tuesday night at 8:55. Her death had been expected for a number of days since she had grown gradually weaker.

Eva Alice Donahower, the daughter of Augustus and Mary Donahower, was born March 8, 1858, in Ripley, Ill. She was married to Arthur Stout on Feb. 10, 1876, and they lived in Ripley until 1902 when they moved to Missouri, remaining there until six years ago when they came to Illinois. Mr. Stout died January 24, 1918.

To this union four children were born, two of whom, Edna and Mable died in infancy. The other children are C. A. Stout of Cerro Gordo and Bertha Stout, both at the bedside of their mother at the time of her death. There are also two grandchildren, the children of Mr. and Mrs. Stout of Cerro Gordo.

The surviving brothers and sisters are Michael Donahower of Clinton; H. B Donahower of Beardstown and C. B. Donahower of Ripley; Mrs. Fred Paisley of Rushville and Mrs. Ellen Stoffer of Beardstown.

3 CARS RELEASED.

The Clinton Gas & Electric company was tided over the emergency Tuesday by the release of three cars of coal from the Illinois Central railroad yards by the fuel administration. Manager C. A. Cline was confronted with the possibility of shutting off all power in the Illinois Central shops and all over the city, and the cars of coal were released in the face of this emergency.

General conditions in Clinton remain as good as could be expected with no one reported to be suffering. The heat from the city plant was shut off most of the day Tuesday but the gas supply has been maintained, as well as the local electric power plant

Dealers reported some coal on hand for their trade as demanded.

FIND MATERIAL FOR HUNDRED BOMBS

New York, Nov. 26—Expert chemists today commenced an examination of the high explosive chemicals accidentally discovered yesterday in the headquarters of the Union of Russian Workers when federal agents and city detectives entered the building in quest of several radicals for whom they hold warrants. An expert from the bureau of mines at Washington has been summoned here to take charge of the examination.

MATERIAL FOR 100 BOMBS

A number of little bottles marked "T. N. T." "muriatic acid" and "glycerine sulphate" were found hidden in a secret panel in the wall. Experts of the police "bomb squad" said the bottles contained sufficient explosive material to manufacture at least 100 deadly bombs. The labels on the bottles bore the names of well known chemical concerns and the police commenced an inquiry of these firms in an endeavor to trace the purchasers.

CALOMEL IS NOW DELIGHTFUL

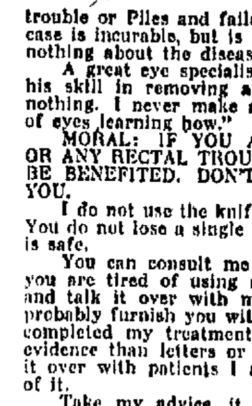

No Taste, No Nausea, No Griping, No Salts—Nausealess Tablet Called "Calotabs."

One Calotab on the tongue at bedtime, with a swallow of water—that's all. No taste, no nausea, no griping, no salts. You wake up in the morning feeling fine, your liver active, your system thoroughly purified and with a hearty appetite for breakfast. Eat what you please—no danger. You feel bright, cheerful, clear-headed, energetic and strong.

You can now take your calomel without the slightest fear of unpleasantness for Calotabs retain all of the liver-cleansing and system-purifying qualities of the old-style calomel without the objectionable qualities. Sold only in original, sealed packages, price thirty-five cents. Your druggist has authority to refund the price as a guarantee of your perfect satisfaction.—(adv).

PILES

I WILL GUARANTEE IN WRITING TO TREAT ANY CASE OF PILES FREE OF CHARGE, IF THE DISEASE EVER RETURNS AFTER MY TREATMENTS HAVE BEEN COMPLETED.

DR. MARKS
Regular Graduated, Licensed and Registered Physician.

If your doctor has told you that Rectal Diseases or Piles cannot be cured without a knife, he is not scientifically acquainted with the subject.

If a doctor has examined you for Rectal trouble or Piles and nearly killed you, he knows nothing about making an examination of these parts.

If your doctor has treated you for Rectal trouble or Piles and failed to effect a cure, it is no sign that your case is incurable, but is probable conclusive evidence that he knows nothing about the diseases of the Rectum.

A great eye specialist was once complimented by a patient for his skill in removing a Cataract; his answer was: "Oh, that is nothing. I never make a failure nowdays, but I spoiled a bushel of eyes learning how."

MORAL: IF YOU ARE AFFLICTED WITH PILES, FISTULA OR ANY RECTAL TROUBLE, GO TO A RECTAL SPECIALIST AND BE BENEFITED. DON'T ALLOW SOME ONE TO PRACTICE ON YOU.

I do not use the knife, no injections, no burning, no chloroform. You do not lose a single day by the use of my methods. My method is safe.

You can consult me and be examined FREE OF CHARGE. If you are tired of using salves, ointments, suppositories, etc., come and talk it over with me. It matters not where you live. I can probably furnish you with one or more names of patients who have completed my treatment, talk it over with them. That is better evidence than letters or testimonials. Come to my office and talk it over with patients I am now treating and see what they think of it.

Take my advice, it makes no difference if you are man or woman, if you are suffering with Piles or any other disease of the Rectum, do not suffer another day. Do not fear to come and be examined. I promise that I will not hurt or harm you. Do not delay, neglecting these troubles is dangerous. If you are a woman, let me give you the name of some woman I have treated, then you will have confidence; if you are a man, let me give you the names of business men right here in town who have taken my treatment

DECATUR WOMAN LOSES VALUABLES

Vandalia, Nov. 26.—Mrs. C. E. Withers, moving here from Decatur, had the misfortune to lose her hand bag on the train Monday night, in coming to this city from Decatur. The bag contained some $35, a diamond ring, etc. Word was sent ahead and the bag was found by the conductor and returned to her Tuesday morning.

Mr. and Mrs. W. H. Cricknan spent the week end and last week with relatives in Decatur.

Mrs. Jennie Schilling left Saturday to remain over Thanksgiving with her daughter, Mrs. Simeon Perkins, in Havana.

STRUCK BY AUTO.

The little son of Frank McClouty, residing in the north part of the city, was struck by an automobile driven by George Blankinship, near Ramsey, and had his collar bone broken and a number of bruises about the head and face. He was taken to the home of Joe Miller, near whose home he was struck.

T. R. Weller of Louisville, Ky., is visiting at the home of his daughter, Mrs. Fred Simms.

Mrs. J. R. Schulte, who has been in the hospital in Chicago the past nine weeks, was reported quite sick Saturday and Mr. Schulte and son, Charles, left that night to be with her. She is reported some better at this writing.

C. D. Stewart went to Pana Sunday and on Monday accompanied his sister, Mrs. Lucien Chandler, home, after several weeks' stay in the hospital.

Mr. and Mrs. Clate Merriman took their fifteen months' old child to the hospital at Pana Tuesday to have it treated. Some two months ago the little fellow had his hip dislocated but the physician did not know it at the time. Later it was discovered he could not use that limb. An examination then disclosed the fact that the hip was out of place.

STUDENTS ENTER JUDGING CONTEST

Chicago, Nov. 26.—Seventeen colleges and universities are entered in the collegiate judging contest at the International Livestock exposition on Saturday, the opening day. These include many Canadian agricultural colleges.

SCORN CALL TO BREAKFAST

New York, Nov. 26.—"The Ellis Island soviet," continued its hunger strike today while the house immigration committee held a hearing in the same building on immigration and deportation problems.

Seventy-three radicals avowedly anxious to go to soviet Russia, but on strike against attending deportation proceedings before immigration inspectors, again scorned a call to breakfast.

Daley Captain.

Chicago, Nov. 26. — John Daley, whose trusty boot won the only game of the Western Conference season from Indiana, Tuesday night was elected 1920 football captain at Northwestern university. This is Daley's first year of conference football and he played at left tackle. His home is in Rockford, Ill.

CORN PRACTICALLY STATIONARY

Chicago, Nov. 26.—Pre-holiday adjustment of trades tended to keep the corn market from any pronounced swing today either up or down. Bearish reports from Iowa as to likelihood of increased shipments from rural sources had but little effect, and neither did a sharp decline in Argentine vessel rates. The readiness with which offerings here were absorbed constituted the chief stimulus to buyers. Opening prices, which ranged from the same as yesterday's finish to ⅝c lower, with December $1.33 to 1.33½ and May $1.28½ to 1.28⅝, were followed by a moderate further sag and then rallies all around.

Shorts covering made the market close firm, ⅛ to 1¼c net higher, with December $1.33¾ to $1.34 and May $1.29¼ to $1.29⅝.

Oats like corn were confined within narrow limits. After opening unchanged to ⅝c lower, including May at 76⅝ to 76⅞, the market eased a little more and then recovered.

Provisions reflected the weakness of hog values. Selling, however, was not aggressive.

Later the hog market losses were overcome, and provisions scored an advance.

NO CHANGE MADE IN LOCAL PRICES

Corn Firm But Hog Market Flooded.

Grain prices remain firm with cash corn in Chicago steady Wednesday and demand reported good.

With 23,000 hogs in Chicago Wednesday following the receipt of 71,000 Tuesday, making a total of 100,000 in two days, prices again weakened at the stock yards but local packers made no further change in quotations Wednesday letting the previous price of $13 for tops stand during the holiday.

This week is about the worst week in the year in the meat business, poultry having the call even more than at Christmas time, with the result that retail demand for beef and pork is much smaller than normal.

Eggs are still very high and with butterfat touching new high point of 74 cents a pound there seems likely to be very little decline in poultry or dairy products.

UNION IRON WORKS OUT OF COAL, WILL CLOSE DOWN MONDAY

Decatur Brick Co. Fires Last Kiln—Situation Serious With Many Men Likely to Be Out of Employment in Few Days

Industrially the coal situation in Decatur is becoming extremely grave. Hundreds, possibly thousands, of men will be out of employment within the next few days unless relief in the way of coal supplies can be secured quickly.

The first definite suspension of one of Decatur's large industries was announced Wednesday when it was stated that the Union Iron Works which employs about 100 highly paid machinists, molders and wood workers, would close Monday until a supply of coal could be secured.

NO MORE FUEL.

"We have been running along on what coal we had and what coke we could secure to stretch the coal supply but we are now so close to the bottom of the coal pile that we must close down not later than Monday. We hate to do it with so much business and work on hand but what little fuel we will have we will need to keep the factory from freezing should the weather turn to the usual December temperature" said Porter J. Millikin, president of the company.

DECATUR BRICK CO.

The Decatur Brick Co. fired its last kiln Wednesday morning until the coal situation improves. The company will be forced to shut down in a short time unless the strike is settled and more coal is available in a few days. Two or three kilns probably will be filled with green brick but no more fires will be started.

The continued uncertainty and apparent lack of progress is causing other industrial managers to scan their coal piles which are diminishing so rapidly with the idea that a reasonable supply must be held for heating the factories enough to keep from freezing. Unless something definite is done looking toward a settlement between now and Friday it is not unlikely that many factory managers will close down after the holiday to await a certain supply of fuel.

RUN 19 DAYS.

"We have perhaps nineteen days' supply for the railway and light plant," said M. L. Harry, manager," and I suppose as public utilities we can get a supply as long as it is available but at the present rate that will not be long."

The local company received two more cars of gas coal Wednesday, or at least they arrived in the yards and are expected to be released although this cannot be done without a special order from headquarters.

CITY COAL.

Four Cars Arrive and Are Being Delivered.

Four more cars of emergency coal were delivered for the city Wednesday at the North Main crossing of the Wabash. Mayor Borchers ruled that this coal should not be delivered indiscriminately, but that the orders of families who have sickness or small children would be attended to first, and that only those who were entirely out of fuel need expect any of this coal. The children and the sick people must be looked after first. If there is any left after their wants are supplied others will be given an opportunity to get coal. This coal will cost the consumer $5.10 a ton delivered, or $1.25 a ton at the car.

People who call at the court house to order coal are just wasting their time. They should call Main 90, the city yard office, to place their orders, or go to the yard office in person. The four cars will contain only about 200 tons and no one family will be allowed more than one ton.

MAY SHUT OFF LIGHTS.

Commissioner Harry Ruthrauff stated Tuesday that unless there is evidence within a few days that the coal situation will improve and a new supply be available by Jan. 1, he will shut off all the street lights. He now has on hand sufficient coal to run the water works and light plant until Jan. 1, but no longer. It is necessary that the people have water and it is possible to get along without street lights. Therefore, unless the situation improves in a few days the lights will be shut off altogether and the coal necessary to run the light engines will be saved to run the pumps.

AT THE HOSPITALS.

The hospitals have been able to keep a supply of coal ahead so far. At the Decatur and Macon county hospital there is a supply for at least a week more, the institution having just recently gotten several car loads. The Wabash hospital has enough coal on hand to keep it going for several weeks, but at St. Mary's there is only enough for a few days. They, however, have assurance that they will be taken care of by the city.

CHINA SHOULD BE CHRISTIANIZED

Dr. Ida Kahn Speaks on "China's Challenge to Christian America."

Dr. Ida Kahn arrived at the Y. W. C. A. Tuesday afternoon and spoke to fifty of the extension girls at a dinner at 6:30. At 7:30 she spoke to the general public in the main auditorium on "China's Challenge to Christian America." She said that if China was not Christianized she would be a menace to us, and if she was Christianized she would be our ally. She also said that it was up to us to be awake to our opportunities in China, that China was ready to see what Christianity could do for her and that all churches and Christian organizations must organize and work together if they are to be successful.

CLOSE THURSDAY.

The Y. W. C. A. will be closed all day Thursday.

The clubs of the Girls' work and the Extension and Industrial departments are co-operating with the Social Service Bureau in sending out Thanksgiving baskets to the poor.

Confusion.

Three new cases of typhoid fever are reported. A. E. Saloga and A. J. Schweitek have the disease at the Wabash hospital. The other case is in the family of Irvin Orelia, 906 North Charles street.

BR-R-R-R!

Grand Forks, N. D., Nov. 26.—The lowest November temperature in 14 years was registered here early this morning when the mercury sank to 24 degrees below zero, at the government weather observation station at the state university. On Nov. 30, 1905, a minimum of 35 below zero was registered.

BRIEF SERVICES FOR T. T. ROBERTS

Conducted in First Presbyterian Wednesday Afternoon.

The funeral of T. T. Roberts, president of the Decatur Coffin company, was held at 2:30 o'clock Wednesday afternoon at the First Presbyterian church.

The services were conducted by Rev. C. E. Jenney, assisted by Rev. W. H. Penhallegon and Rev. W. S. Dando. The Scripture lesson was read by Rev. Mr. Dando. Dr. Penhallegon offered prayer, and the sermon was by Rev. Mr. Jenney. The service was brief.

The pallbearers were Dr. S. H. McClelland, Dr. J. C. Hossler, C. H. Logan, Charles R. Murphy, George E. Moeller and A. H. Mills.

The music was furnished by Mrs. Corydon C. Nicholson, Mrs. Homer Bateman, Eldon Geiger and Elmer Lyons. The interment was in Greenwood cemetery.

ARVILLE TUCKER BACK IN MARINES

Will Take Up Aviation This Time in West Indies.

Sergeant Arville Tucker of the marine service, who enlisted in that branch here in 1917 and was discharged during the past summer, has now enlisted in Marine Aviation for active duty in San Domingo, West Indies.

Several men from Decatur and vicinity have enlisted at the local marine recruiting office in the last few days. They are Franklin C. Millen, Joseph D. Francis, Theodore R. English and Loo W. Henderson. These men will be sent to the recruit depot at Paris Island, South Carolina. After eight or ten weeks training there, they are given their privilege of going to any station to which they wish to be assigned, all of them having enlisted for two years.

HENRY MECHLING BADLY SCALDED

Inquest Brings Out Facts as to Accident.

More details of the cause of the death of Henry Mechling in Pana were brought out in the inquest conducted Tuesday morning. The verdict of the jury was that his death was "caused by acute nephrytis, caused by being scalded by the breaking of an expansion joint in the boiler room of the Pana Coal Mine No. Two."

Dr. Littlejohn testified that more than half the skin of his body was gone and that in cases of this kind death is inevitable. William Parker engineer at the shaft and Arthur Elkerson, Fred Gentry and William R. Ballinger fellow-workmen of Decatur also testified.

BLOWN OFF BOILER.

From the facts developed it appeared there was some trouble with an expansion joint which was leaking. It seems that this joint had been fixed and the steam turned on again. Mr. Mechling and Mr. Ballinger had started back to descend from the top of the boilers when Mechling observed a pin leak in a pipe and stepped back to examine it. At that moment a pipe bursted and the room was enveloped in steam.

When found Mr. Mechling was lying between the boilers and the back end of the boiler room, evidently blown there by the force of the steam.

MORE THAN 500 AT RECEPTION

Open House At Brown's Business College Was Well Attended.

Five hundred or more Decatur persons took advantage of the open house held at the Brown's Business college Tuesday night. Many parents were there, among them a score or more who had attended the college twenty years ago.

Work of the pupils in penmanship, typewriting and bookkeeping decorated the walls. The visitors, many of whom were from out of town, were ushered through the rooms and allowed to examine the work on display and demonstrations in bookkeeping and accounting.

Conklin's orchestra furnished music during the evening.

DEEDS RECORDED.

BANK ROBBERIES REPORTED HERE

Police Receive Notification of Two Attempts.

The police were notified Wednesday morning that two banks at Arrowsmith had begn burglarized and the safes blown, but the amount of the loss was not stated.

Earlier in the morning they were notified that thieves had tried to rob the Park state bank at Rockville, Ind., but were scared away before they could get the cash compartment open. Four men were in this job and they traveled in two automobiles, a Maxwell and a now car the make of which could not be learned. One man was tall and weighed about 200 pounds, had a hump on his back and wore a black overcoat and hat. Two others were medium sized men and one had a long nose. One was very slender and wore a brown belted suit with short coat. No description of the fourth man was sent.

Personal

Mrs. Ralph Roney went to St. Louis Wednesday to visit Mrs. Bruce Smith. Mrs. Smith was formerly Miss Edna Van Meter and a teacher in the Decatur schools. Mr. Smith was for a number of years head of the English department in the Decatur high school. Mrs. Smith is on the eve of departure for California where she goes on account of her health. She has just returned from the Mayo hospital at Rochester, Minn.

Mrs. Alice Tucker left Wednesday afternoon by way of the Wabash for East St. Louis where she will spend Thanksgiving with her daughter, Mrs. Eva Falkenbury.

Mission Circle.

The Mission Circle of the East Park Baptist Church met Tuesday afternoon in the home of Mrs. Harlin Fee, 340 North Second street. Mrs. E. T. Moffley gave a talk on "The Battalion of Life." Refreshments were served.

SOLDIER AUTHOR THRILLS AUDIENCE

Coningsby Dawson Urges America to Lead.

DROP "HUN" IDEALS

Need to Uphold Ideals of Fighting Men.

Etching incidents of the war lift of soldiers and civilians, of men, women and children but quite as often incidents of the soul life of these men, women and children, Coningsby Dawson, soldier, author, crusador, English by birth, Canadian by service and American by marriage and residence, left impressions on the minds of more than 400 members of the City club and their friends by his talk at the Orlando hotel Tuesday night which will never be forgotten.

Using no florid figures of speech but picking his words with that finished exactness of the English trained mind the author of "Carry On" "Living Bayonets," "The Glory of the Trenches," "The Test of Scarlet" did not disappoint his admirers as an author in his appearance and speech as a man.

AUDIENCE GRIPPED.

Rarely indeed have the members of the City club been gripped by the realism of thought, by the photographic clearness of an idea, by the physical expression of idealism in its finest form as they were by the talk made by Mr. Dawson Tuesday night.

Expressing a desire not to increase the hatred for the Hun by his description of the ruin in France the wreck in Belgium, the studied plans of the Huns to disable when they could not keep the devastated nations followed by his description of the prosperity in Germany as he found it last summer, of the servility of the Germans, of their complacent acceptance of the army of occupation, of the unuttered contempt he had for the psychology of a nation which is now smiling upon the victors left little in the minds of the listeners but despicable disgust for the defeated enemy.

EVERY PLACE TAKEN.

Every available place at the tables in the ball room of the hotel where the dinner was served, was occupied when H. W. McDavid, president of the club introduced the speaker to whom coming more people had looked forward than to that of any other speaker in the history of the club.

After two songs by W. B. Olds, "Victory" and "The Home Road," and a violin solo by Max Swarthout with Donald Swarthout as accompanist, Mr. McDavid introduced the speaker with a very brief talk on his career and personality. Simply, without ceremony or introduction this young but world famous voice of the idealistic spirit of the great war for civilization plunged into his subject,

PLEADS COMRADESHIP.

Giving only brief incidents of the struggle in which he was twice wounded but setting them out in distinctness as by a flash of lightning he appealed for a continuance of that spirit of comradeship among the nations which had made the winning of the war possible, when France, England, Italy and the United States were fighting not for selfish nationality, not for the narrower patriotism of country, but for humanity.

"We sank our nationality as Canadians, as Englishmen, as Frenchmen, as Americans. We could not have won as separate peoples," he said. "We fought as one in the interests of what we believed to be the highest and truest."

LOOK TO AMERICA.

"Now that the second phase of the war is upon us, now that the victory of peace must be won after the victory of war those who stand for the old principles are trying to make that the basis of the new world that must be created on the ruins of the old. France is in the hospital, Belgium is in the hospital, Italy is crippled, these nations, all of Europe in fact, are looking to America as to a leader just as American soldiers led the grand peace march in London when England celebrated the coming of peace.

"The German still believes that he won the war," said Captain Dawson. "He says so openly and that he is now winning the peace industrially," and the speaker told of the eagerness of the German workman to work extra hours so that production may be increased, even in some instances working extra time and giving his extra pay to the government.

ANARCHY HERE.

"There is more anarchy in America tonight than there is in Germany, he said. "The propaganda which that nation is spreading of disorders and lessoned production is similar to that spread before and during the war. It is very greatly exaggerated."

"German ideals are still directed to the old ideals of self-aggrandizement, their demobilized army is at work in their undamaged factories, their labor because of the depreciated money, is cheap, their workmen are working long hours to increase production while the rest of us are striking for shorter hours and less production."

"The new ideal of sharing is the one upon which the world should be rebuilded. If we give the Germans a chance or give the chance to those with Hun ideals in our own country we will have fought the war in vain and sometime, we will again be face to face with the conditions which existed in 1914."

Hard Times Social

Starlight Council No. 156 D. of P. will give a hard times social in the Redmen's hall Thanksgiving night. There will be refreshments and music.

Issue License

A marriage license was issued in Chicago Wednesday to Mrs. Estella Beard and James E. Garnder, both of Decatur.

WILL TELL OF HIS WAR EXPERIENCE

Sergeant York to Discuss Events Overseas.

Some people have the impression that Sergeant York in his address here next Monday night will talk about the raising of the money for the school he wants to establish in Tennessee. This is an erroneous idea. Sergeant York will tell about his life before he went to Europe and his experiences while overseas, among them the time he killed twenty-eight Germans and captured 132. He probably also will tell something about the mountain people of Tennessee.

ADD SECTION TO C. U. SWITCHBOARD

Capacity Is Increased by 1,000 More Phones.

Switchboard space for one thousand telephones is being added to the main switchboard of the Central Union Telephone Co., here and it is expected that this will relieve somewhat the congested condition which now exists on some sections of the already badly overloaded board.

The telephone business here grows constantly and additions have been coming in at the rate of more than 100 a month for some time with the result that the switch board and switchboard force are both overloaded with calls. It is expected that the addition of the space for 1,000 phones will enable the company to relieve the intensity of the work on the girls now on the work.

One look at the flying hands of the operators as they punch in the plugs and then pull them out convinces anyone who has the good fortune to see the board in a busy part of the day that the girls on duty have very little time for anything but lightning like speed in action.

MEDICAL SOCIETY IN FINE MEETING

Session Held at St. Mary's Hospital Followed by Lunch.

The most successful meeting of the organization held for some time was that of the Decatur and Macon county Medical Society at St. Mary's hospital Tuesday night.

A paper by Dr. C. Martin Wood on "Hemorrhages in the New Born and the Treatment" and one by Dr. C. M. Jack on "New Conceptions in Tuberculosis," illustrated by plates were read and brought out much discussion.

After the meeting the large number of physicians in attendance were served a fine lunch by the sisters of the hospital force.

D. M. C. RECITAL TONIGHT AT 8:30

William Ehlhart Snyder and Carl Mathieu to Give Program.

A program of unusual enjoyment is expected tonight at the recital to be given by Carl Mathieu and William Erhart Snyder of the faculty of the Decatur Musical college. The recital is to take place at the First Presbyterian church, and will begin at 8:30.

Mr. Matrieu's songs are all practically new to Decatur people. Some of them are songs that have just recently been published and are now being sung by leading singers in New York.

CHANGE PLACE FOR GRIGGS LECTURES

Two to be Given at J. M. U. Instead of High School Auditorium.

A change has been made in the place for holding two of the lectures to be given in Decatur, Dec. 5 and 6 by Dr. Edward Howard Griggs. The Friday afternoon lecture will be in the high school auditorium as previously announced, but the other two, one Friday night and one Saturday night, will take place at the James Millikin university, in the auditorium.

RESERVE 300 SEATS.

It has been decided by those in charge of the sale of tickets to reserve 300 of the best seats in the house for the first 300 people who buy the colored tickets for the entire course of three lectures. Since these 300 seats are equally desirable this will be equivalent to individual reservation. The first opportunity to secure these seats went to the members of the University club, and now they are open to others wishing to secure them. The number of people already interested make it sure that Dr. Griggs will have a full house. The $1 course tickets may be reserved by leaving word with Miss Estelle Bryant, phones Main 1040 or 3780.

At the meeting of the College club Monday evening, Mrs. Everett Tanner, read about Dr. Griggs:

"If Dr. Griggs ever comes to Decatur a second time he will need no advertising for he needs none now in cities where he is known. I have heard him lecture eighteen times at Pittsburgh and Chautauqua, N. Y., and while I have heard his lecture on "Hauptmann's Weavers," I shall be glad to hear it again, along with the other two. He has a most charming personality and in every lecture he gives there is a message one will never forget."

FIRE DESTROYS BIG LIGNITE MINE

Wilton, N. D., Nov. 26.—The main workings of the Tipple mine here, one of the largest in North Dakota, were destroyed by fire of a mysterious origin last night. The loss will run into thousands of dollars and 300 men will be thrown out of work and the daily production of 1,500 tons of lignite coal stopped indefinitely.

The mine, which is owned by the Washburn Lignite Coal company, was one of those taken over by the state recently under Governor Frazier's declaration of martial law but had been returned to the company through a court order.

Stop Shovels.

The cleaning up of the local pile of storage coal has caused the pulling off of the 4 p. m. and midnight steam shovel job and this will cause some more bumping.

FUNERALS.

MISS LAURA JACKSON

The body of Miss Laura Jackson was taken to Hidalgo Wednesday and the funeral will be held there Thursday.

WILL PREPARE WAR HISTORY OF COUNTY

Material to Be Gathered at Once.

J. M. Allen, W. F. Hardy, R. C. McMillen, Admiral C. B. T. Moore and Mrs. Alice G. Evans, a committee on the history of Macon county in the war, met Tuesday afternoon to talk over plans for compiling the immense number of facts relative to the activities of this county during that great crisis.

Material on the Red Cross, the Four Minute Men, U. S. Food Administration, Boys Workingz Reserve, U. S War Savings Stamps, American Protective League, Liberty Loan Activities, Y. M. C. A., Knights of Columbus, Soldiers Mothers and other war movements in the county will be collected. Later some one will be asked to write a history of the part which Macon county took in the war.

TO COLLECT MATERIAL.

In connection with these records will be collected war posters, medals trophies, pamphlets, war regulations and similar material which will be stored in the public library where space will eventually be provided for such records.

Letters and diaries of men in the service, their war records as secured and preserved by the Red Cross, records of the exemption boards, citations for bravery will all be gathered under the supervision of this committee, later edited, classified and incorporated in the story of this county in the service.

COURT NEWS

Louis Renfro, convicted of burglary and grand larceny, was sentenced to the Chester penitentiary Wednesday morning. His petition for probation was refused.

The petition of William Weber, who pleaded guilty to bigamy, was also denied and he was sentenced to the Chester penitentiary.

Albert Govela, who pleaded guilty to confidence game, was admitted to probation.

Carl A. Dalmbert, who pleaded guilty to embezzlement, was admitted to probation.

The divorce suit of Evans W. Manlor vs. Grace Manlon was dismissed.

The case of Mr. and Mrs. Ray Daughtry, indicted for trying to extort money from Harvey Silvens by threats, went to the jury in the circuit court early Wednesday afternoon. Attorney Millikin, who is a candidate for state's attorney in the same town in Kentucky that Mr. and Mrs. Daughtry came from, was here to take part in the defense with Attorney Ben Wahm of Decatur. Mr. Millikin was sent by friends of the Daughtrys, and he impressed the people in the court room as being an exceedingly clever lawyer.

SEASON TO END

Next Monday is the last day of the squirrel hunting season and Wednesday, December 10, will be the last day of the quail season. Few hunters are devoting any time to squirrel hunting now, most of them being busy on rabbits, ducks and quail. The quail crop did not seem to be extra good this year according to word from hunters, who blame the increase of pheasant to the falling off in number of quail.

BANK CLEARINGS

Bank clearings for the week ending Wednesday were $1,309,710.81. Last week they were $1,458,797.95. The same week last year they were $907,409.17.

GIVES CONCERT

The high school orchestra gave its second auditorium concert of the year Wednesday morning. The auditorium was filled and the audience was keenly appreciative. The program included three songs in which the students joined.

BUSHELS IN TON

"How many bushels in a ton of coal?" a question asked of the Review Wednesday was one of interest to many persons during these days of coal shortage when many are borrowing coal a bushel at a time from their neighbors, who are fortunate enough to have a supply on hand. Coal averages a little more than twenty-six bushels to a ton.

NEWS NOTES OF RURAL SCHOOLS

Miss Celia Despres has returned to her home in Macon. She was for several weeks in Mercy hospital in Chicago, where she submitted to a surgical operation.

Post-Revival Rally

A post-revival rally will be held at the First Baptist church at 7:30 Wednesday night. The congregation plans to continue the evangelistic meetings which closed Sunday night with several post-revival services. The meeting Wednesday night will be held in the main auditorium of the church. At the close of the services the ordinance of Baptism will be administered to the Sunday school pupils who are converts of the revival. Similar services will be held Friday night at which time the young people will be taken into the church. The older people will be baptised Sunday night.

The price for adults will be 75 cents and for children 15 cents. The mothers are preparing for 175 people. After the dinner there will be a special program of music and Bible study.

SUGAR RESOLD AND PRICE ADVANCED

Chicago, Nov. 26.—A carload of sugar originally consigned by the Godchaux Sugar company, Nashville, Tenn., to J. P. Hadesman, and company of Chicago, rolled about undelivered for a month, was re-sold four times and piled up 4½ cents a pound additional cost to the consumer, according to a statement today by R. J Poole, city food director.

Containing 54,250 pounds of sugar, the car moved first to Paducah, Ky., then to Omaha, back to Chicago and finally to Minneapolis, total charges of $2,466 piling up against the car load as it passed from broker to broker, said Mr. Poole. His tabulation was only for the month ending Nov. 15, he said, and the car "so far as we know still is rolling."

WABASH STORAGE COAL ALL USED

Do Not Know How Long Can Operate.

NO TRAINS DROPPED

Some Eastern Coal Being Moved West.

The pile of storage coal for the Wabash here was cleaned up Tuesday night and will be about burned up by Wednesday night. What will the Wabash do then? Officials here don't answer the question but seem to be trusting to luck. Word from Superintendent Stumpf's office is that something will have to happen within the next week or ten days.

NO TRAINS CUT.

The officials here are a little surprised that the Federal Manager has not already ordered some trains taken off. The fact that no such orders were received, gave rise to the hope that officials could see the end of the strike in a few days. Another reason advanced for not causing roads here to reduce the number of trains as many northern roads have been forced to do is that terminals like Decatur have coal mines here that can afford railroads immediate relief the minute the strike ends, whereas, the northern roads would be from two weeks to a month getting back to normal supply after the strike ends.

EASTERN COAL

The Wabash has been handling quite a few cars of eastern coal through here in the last day or two giving rise to the report that the road had arranged for a supply from the east. Officials, however, say this coal is not for the Wabash but is going through to St. Louis for the southwest regional coal director.

Another report is that the Wabash has sent a whole lot of empty coal cars east to be transferred to the Pennsylvania and is also deadheading some engines east and from this arises the talk that a lot of hard coal is to be brought here to be used. Some of this coal is already being used on the Wabash east of here. Enginemen say it makes a fine fire but is mighty hard on the engine grates.

INSPECTS C. I. & W.

President Worthington and Officials Go Through Here.

When C. I. & W. officials go out on an inspection trip, it isn't a joy ride. They work and believe in burning the midnight electricity doing it. A party composed of President B. A. Worthington, General Manager N. V. Hines, Assistant Passenger Agent L. B. Jay, Chief Engineer Passel and others went through Decatur to Springfield on an inspection trip Tuesday afternoon.

Their car came back on the rear of a C. I. & W. freight in here early Tuesday night and they were still inspecting. Under the rear platform of this car, they had two strong lights, almost as brilliant as a headlight. Each of these was directly over one of the rails and lighted up the track for some distance back. They did not make any lengthy stop here but simply went out on the same trains they came in on.

HEAVY BUSINESS.

While Wabash freight business has been rather light on the north end, it continues to be heavy on the south, west and east ends and there promises to be a shortage of crews for Thursday. Just what is causing all this business, railroad officials do not know. However, it is likely that five brakemen recently cut off, will be called back.

One official believes that many merchants and dealers of various kinds are commencing to put in larger stocks. Up until this time, many buyers have only bought in small quantities, fearing there might be a sudden change in conditions. But now many of them are commencing to buy heavily and the railroad officials believe that after the first of the year, business will be enormous.

A traffic manager for a large firm handling steel with plants in Chicago, Gary and St. Louis, was in Decatur Wednesday morning trying to locate a certain car. He said that much of their business was being held back by the steel strike but said that as soon as this was over, his company had about 7000 tons to be moved over the Wabash alone.

Eight Hour Day.

Because of the shorter days, the car department of the Wabash shops will go back to an eight hour basis next Friday. Those shops have been working nine hours for some time but now, it grows dark by five o'clock. The locomotive shops have been working only the eight hours. Both locomotive and car shops have been pretty well rushed with work however.

More Bumping.

Bumping is now going on among the firemen following Brosend's getting in his bid on the new assignment. Brosend goes on with Whipple on 5 and 6. Boose goes on with Cowle on No. 17 and Younts goes on with Dunne on east end freight.
